Heart to Heart ♥

Friendship

As I have grown older, one of the blessings in my life has been the friends whom God has so graciously allowed me to know. I have always wanted to keep my friends forever because they have brought so much joy to my life. Occasionally there has been heartache too. I have lost a few along the way, but my hope is to always keep them close. I love how in the Church we are called "sisters in the Lord." That is very precious to me. In my family, I have one sister 16 years younger than me who is very dear to me. I also have 3 sister-in-laws who I also cherish. I consider them my friends as well and have worked to maintain closeness with them. It is worth the effort. This letter contains excerpts from the Application Bible on what we need to do to be a friend.

Definition: Friend: intimate companion or associate one attached to another by affection or esteem.

John 15:13 No greater love has any man than he lay his life down for his friend

" We are to love each other as Jesus loved us, and he loved us enough to give his life for us. We may not have to die for someone, but there are other ways to practice sacrificial love: listening, helping, encouraging, giving.

Proverbs 17:17 A friend loves at all times What kind of friend are you? There is a vast difference between knowing someone well and being a true friend. The greatest evidence of friendship is loyalty (loving at all times)

1Cor. 13:7 Love always protects, always trusts, always hopes, always perseveres. Love never fails. Gods love means being available to help in times of personal struggles or distress. Too many people are fair-weather friends. They stick around when the friendship helps them and leave when they are not getting anything out of the relationship. Think of your friends and access your loyalty to them.

Proverbs 16:28 A perverse man stirs up dissension and a gossip separates close friends

Proverbs 26:20 Without wood a fire goes out without gossip a quarrel dies down Talking about every little irritation or piece of gossip only keeps the fires of anger going. Refusing to discuss them cuts the fuel line and makes the fires die out. Does someone continually irritate you? Decide not to complain about the person and see if your irritation dies from lack of fuel.

Proverbs 27:6 Wounds from a friend can be trusted, but an enemy multiplies kisses. Matthew 18:15-16 " If your brother sins against you, go and show him his fault, just between the two of you. If he listens to you, you have won your brother over. But if he will not listen, take one or two others along, so that every matter may be established by the testimony of two or three witnesses."

From time to time we will seem to have insurmountable conflicts with our friend, but trust in the Lord to heal the breach. He can do it. We are more than conquerors through Jesus.

TERANOVA 3 TESTING (FORMERLY SAT) FOR GRADES K-8TH

ATTENTION, ALL MOMS!!! Teranova testing is next month. **The fee for testing is \$22.00 per child and you can make your check payable to Western Christian.** Testing will take place on **Tuesday, April 10th, Wednesday, April 11th, and Thursday, April 12th.** On Tuesday, April 10th, everyone needs to arrive by 8:00 am and testing will go until approximately 12 noon. Then for Wednesday, the 11th and Thursday, the 12th, we will go from 8:30 am to about 12:00 noon (we will probably end earlier on Thursday). We will be testing at the Western Christian Elementary School campus, located at 3105 Padua Avenue, Claremont. The staff at Western Christian has requested for us to have plenty of adult supervision in each classroom. This is where your help is needed – we need every available mom to help during Teranova 3 testing (**no more help is needed for the booksale**). Please arrange your schedule to be available all 3 days, if possible (ie. – arrange for baby-sitters, if needed). We need moms to proctor the tests, help supervise in the classrooms, with the used book sale, with Picture Day on Wednesday, and in the hospitality area. Please contact Denise Kross at kd_kross@yahoo.com or 909-949-7057 to sign-up to help. There will also be sign-up sheets at the Friday Schools, the Tuesday School in Rancho and Park Days.

Contenders For the Faith

Contenders For the Faith is a boys group for grades K-8th grade. The group is designed to help the boys learn new skills, grow toward being a righteous man, make friends, and have fun!

We are studying a variety of subjects depending on the age group. We have many fun Father/Son outing for the boys to have time to bond with their dads as well as with each other and family outings during the year.

We are a parent lead group! We are looking for a few moms, dads or high schoolers (for service credits) to join us to help run the program. Positions like group leaders are vitally needed right now as well as child care and event coordinator. Space is limited in the group and all parents are asked to help in some way. For parents involved in leading Contenders we do offer and Pre-K Little Contenders / Keepers group for boys and girls.

Cost: \$50.00 supply fee **PLUS** the cost of materials which will vary depending on the age of your child.

A Word to Fathers ~

By Bill Stephens

The Battle

As fathers we need to understand our position in the spiritual world. We know there is good and evil in the world and in the heavens. We know there is a battle that the forces of good will eventually win. We know that God sent His Son to redeem the world from evil. We are the redeemed, saved by the ultimate sacrifice—the blood of Jesus. But, the spiritual battle continues until that Final Day. We fathers are on the front lines of this battle and if we fall the enemy has gained more than one victory.

You can see the battle before us, fathers are no longer honored, we are the butt of jokes and comedy routines. Our authority is challenged and our role in the home is diminished. If fathers become inconsequential then the nuclear family ultimately will dissolve.

Once you become a husband and a father, the battle becomes personal. The battleground is our flesh. The enemy is subtle and relentless. “If the eye be sound, the whole body will be full of light.” We need to keep our focus on the prize. That prize is to stand before God and present to Him that which he entrusted to us—our wife and children.

Registration Fees

Tuition \$520/year or \$52/month due on the 1st of each month payable to Western Christian Schools
Registration Fee \$30 payable to Western Christian Schools

DIRECTIONS: Skate Express, 12356 Central Ave., Chino. (Please double-check the directions from a different source before leaving home). From Western Christian Claremont Campus: Turn right onto Padua Ave., continue of Monte Vista (Padua becomes Monte Vista when you cross over Baseline), turn left on Richton St., turn right on Central Ave., go over the 60 Fwy. and turn right at the first street (there is a Taco Bell on the corner).

DODGER STADIUM TOUR

THURSDAY, APRIL 26th. The Dodger Stadium Tour provides fans the opportunity to see the ballpark in a very unique fashion. This behind-the-scenes tour lets fans visit some of the most restricted and non-public areas and view the Stadium from a whole new perspective. As baseball's third-oldest stadium, Dodger Stadium remains one of the game's most beautiful and historic venues. Highlights of this 90 minute tour may include: a trip down to the field at Dodger Stadium; a visit into the Dodger Dugout; an exclusive look at the Dugout Club, the VIP restaurant and lounge located behind home plate and home to the two World Series trophies; a walk through the Vin Scully Press Box; and more surprises. (This is a guided, walking tour of the ballpark which includes climbing stairs and ramps).

TIME: Please arrive by 10:00 am and meet outside the Top of the Park Store on the Top Deck level adjacent to Lot P. The tour will begin at 10:30 am (Don't be late, the tour will begin without you and it will be hard to find the group).

COST: \$8.00 for kids age 14 and under, seniors and military, AND \$11.00 for kids age 15 and up AND adults, AND children under age 3 are free.

COORDINATOR: Please RSVP to Denise Kross at kd_kross@yahoo.com or 909-949-7057 before Wednesday, April 4th.

DIRECTIONS: 1000 Elysian Park Ave., Los Angeles. Directions to follow.

**TERRANOVA 3 TESTING (FORMERLY SAT) AND VOLUNTEER ROSTER
(PLEASE READ – IMPORTANT INFO!!)**

Testing will be administered April Tuesday, April 10th – Thursday, April 12th for grades K through 8th. Testing will run from 8:30 am to approximately 12:00 noon, but we will most likely end earlier on Thursday. **ON TUESDAY, PLEASE ARRIVE BETWEEN 8:00 AM AND 8:15 AM AND HAVE YOUR CHILDREN TO THEIR CLASSROOMS BY 8:20 AM (*teacher/proctors need to arrive early for a short meeting on Tuesday morning– see below).** Wednesday is Picture Day for all grades (including high school kids, who need to arrive between 11:30 am and 12 noon) and dismissal time may be a little later than 12:00 noon. Once you receive your pictures in June, if anyone desires a CD of their child's/children's photo contact Pete Garra directly at 626-337-7964 (**please do not order a photo CD during testing week**). Every child must be present for all the testing days. Also, please remember to pay the **\$22.00 per child testing fee** – made payable to Western Christian. Please note that this fee helps to cover the cost of purchasing and processing of the tests and is a required payment for all children in grades K – 8th.

The location for the testing will be held at the Western Christian Elementary campus which is located at **3105 Padua Avenue, Claremont**. Take the 210 fwy. and exit at Baseline, then go west on Baseline, then turn right (heading north) onto Padua Avenue (first light). The school is about ½ mile up Padua, on the left. Please park in the school parking lots or on the nearby residential streets. **DO NOT PARK ON PADUA AVENUE – YOU MAY RECEIVE A TICKET.** We are in the process of working out an alternate parking plan (parking at the park behind the school). An email with details will go out in April concerning the alternate parking.

The following is a list of teacher/proctors, classroom helpers, hospitality volunteers, Picture Day volunteers and used book sale volunteers. If you have signed-up to help and your name does not appear on the list and/or you have any questions, please call Denise Kross at kd_kross@yahoo.com or at 909-949-7057. **WE STILL NEED MORE HELP!!**

If you have signed-up to bring snack foods for the hospitality area during Testing Week, please bring them to the cafeteria after you drop off your kids to their classrooms. **ALSO, WE ARE STILL IN NEED OF MOMS (ESPECIALLY THOSE WHO ARE UNABLE TO HELP AS A VOLUNTEERS THIS YEAR) TO SIGN-UP TO BRING SNACKS.**

*** On Tuesday, April 10th, all teacher/proctors need to arrive early. At 7:45 am, there will be a short meeting and prayer near the cafeteria. All other volunteers need to arrive at the school between 8:00 am and 8:15 am. God bless you and thank you for your help during Testing Week!**

2012 Graduation Information

All Graduates The graduation ceremonies will be held Monday, June 4th, at Covina Assembly, 250 E. San Bernardino Rd., Covina. Eighth graders line up at 5:30 for graduation at 6:00. Twelfth graders line up at 7:00 for graduation ceremony beginning at 7:30.

Graduation rehearsal—We will be meeting Thursday, June 2nd, at Covina Assembly Church to run through the ceremony. All eighth graders and seniors are **required** to attend. Eighth graders will rehearse at 1:00 and seniors at 2:00. Speakers will be asked to rehearse their speeches. It should take about one hour.

Eighth graders

Graduation essay—We would like all eighth graders to write a one-page essay. The topic they should write on is, “What is the most important thing God has taught me through my homeschool experience?” Please make your essay one page long, typed, double-spaced, in size 12 font. The essays are due to Marilyn by the first park day in May (May 9th). Please email a copy to her at marilyna5@aol.com and cc to Carol Loumagne famloul@msn.com. Our student speakers will be chosen to read their essays.

Graduation photos—You should have received an email about this already. If not, please contact Laura Kono at laura.kono@yahoo.com.

Graduation character trait—If you have an eighth grader, you need to turn in a one-word character trait that will be read at graduation. This should be emailed to Marilyn by May 9th park day.

Graduation dress code—Boys need to wear dark slacks, long-sleeved shirt and tie, jacket optional. Girls should wear dressy dresses at the knee or longer. Sweaters must be worn over spaghetti straps.

Twelfth Graders

Graduation essay—We would like all seniors to write a one-page essay. The topic they should write on is, “How has homeschooling prepared you for life.” or “What experience has made a difference or impact in your life for your future.” Please make your essay one page long, typed, double-spaced, in size 12 font. The essays are due to Marilyn by the first park day in May--emailed to Marilyn at marilyna5@aol.com and cc to Carol Loumagne famloul@msn.com. Our student speakers will be chosen to read their essays.

Graduation photos and verse—Send 7 pictures and your favorite verse to Hunter French (2839 Halsey Ave. Arcadia, CA 91006).

Graduation dress code-- If you have not paid for your cap and gown, please send Marilyn a check for \$75 made out to Center for Creative Learning. This payment includes a photo that will be taken the night of graduation and the family fee that helps to pay for the facility.

Boys need to wear dark slacks, long-sleeved shirt and tie, jacket optional. Girls should wear dressy dresses at the knee or longer. Sweaters must be worn over spaghetti straps.

SEA WORLD 2012

WEDNESDAY, MAY 2nd. A great family event! (Please add at least an extra hour or so to the mapquest travel time – due to potentially heavy traffic). The group HAS to enter TOGETHER. The Sea World Instructional Field Trip program is a self-guided educational experience that focuses on ocean animals – their habitats, adaptations, and conservation. The program includes an animal training presentation. You can either sign-up for the half-day program or the full-day programs. **Half-day:** This only includes the animal training presentation and exhibits – No other shows (example: Shamu show, Seal show, etc.) and no rides and you must exit the park by 1:30 pm. **Full-day:** Includes all shows and rides. You will receive wrist bands and you can stay until the park closes.

TIME: Please arrive and be at the Educational Entrance gate by 9:00 am. We will enter the park at 9:30 am.

COORDINATOR: Please RSVP to Denise Kross at kd_kross@yahoo.com or 909-949-7057 on or before Friday, April 20th.

COST: Make check payable to Center for Creative Learning (or CCL). Please indicate the number of children and the number of adults. **Half-day program:** \$7.00 per person (kids and adults). **Full-day program:** \$39.00 per person (kids and adults). **Parking** is FREE – each family will receive a parking flyer. In case of rain, the park will NOT cancel the event and there are no refunds.

LOS ANGELES ZOO

THURSDAY, MAY 24th. All ages. Come and enjoy a day at the zoo with your friends! This is a self-guided visit and you can stay until the zoo closes at 5:00 pm. You can't beat the discount admission fee.

TIME: Please arrive and be at the front entrance between 10:50 am – 11:00 am. We can enter the park at 11:15 am. We need to enter as one group.

COST: \$4.00 per child and \$6.00 per adult and kids under age 2 are free. Please make your check payable to CCL and write in the memo area "Zoo".

CA-210 West becomes I-210 West, keep left to take CA-134 West toward Ventura/CA-110/Del Mar Blvd./California Blvd., take the Golden State Fwy./I-5 exit, EXIT 5, toward Los Angeles/Sacramento, take the Zoo Dr. exit, turn slight right onto Zoo Dr.

Annual Homeschool Fair of Southern California Memorial Day, May 28, 2012

The Fair is held at Ontario Christian High School and is a great opportunity for your students to display their talents and accomplishments over the school year. Fair Day provides many educational, entertaining, and hands-on activities for families, too! There are also opportunities to promote a business, service, or fundraiser you may be involved in. Please visit www.homeschoolfair.com for details about project divisions, deadlines and registration; a flyer is also available for you to download and print. If you've never attended, consider checking it out this year!

JET PROPULSION LABORATORY (JPL)

TUESDAY, JUNE 5TH. Kids entering the 3rd grade in the fall – 12th grade. Join us on this 2-2 ½ hour guided tour of the JPL facility. The tour will include a multimedia presentation on JPL entitled "Journey to the Planets and Beyond," which provides an overview of the Laboratory's activities and accomplishments. You will also visit the von Karman Visitor Center, the Space Flight Operations Facility, and the Spacecraft Assembly Facility. The walking distance for the tour is approximately 0.8 miles with multiple flights of stairs. Dress for the weather as the tour is indoors and outdoors and will proceed rain or shine. **Please read the following information carefully – it is important:**

- 1) All US citizens 18 years of age or older visiting JPL **MUST** present official, government-issued photo identification, such as a driver's license or passport, before being allowed entry.
- 2) Federal security requirements insist that we provide a roster of people attending ONE MONTH before the tour. Full name and country of citizenship for all adults, and full name for those under the age of 18 is required. Anyone not on the approved roster will not be allowed on to the facility. Substituting roster names the day of the tour is not allowed.
- 3) All non-US citizens (Foreign Nationals) 18 years of age or older **MUST** present either a passport or resident visa (green card) before being allowed entry. Individuals without the appropriate identification will **NOT** be admitted to the facility.
- 4) The tour includes considerable walking and stair climbing. Dress comfortably and appropriately for the weather. Cameras are allowed on the tour.

TIME: Please arrive by 12:40 pm and wait outside the front entrance to the visitor reception building (they request that groups not fill the visitor reception center). The tour will begin at 1:00 pm.

COST: \$1.00 per child and \$1.00 per adult. Please make your check payable to CCL and write in the memo area "JPL". You can also pay in cash at the school sites or Park Days.

COORDINATOR: Please RSVP to Denise Kross at kd_kross@yahoo.com or 909-949-7057 on or before **Monday, April 30th**.

The roster with required info needs to be submitted by May 4th. When you sign-up, please include the full name and citizenship of each adult and the full name of for kids under the age of 18.

The K-2 grades will be doing a session on “Teaching Character through Literature” similar to the Beautiful Feet study guide. We’ll be reading, drawing, and writing or tracing simple Bible verses or stories. The 3-8 grades will be using the same type of character based literature books while learning the IEW (Institute for Excellence in Writing) skills. The students will be putting together a binder and learning basic writing skills, using IEW methods. More details to come...

Art ~ Teacher: Christy Miller

In this session of Tuesday School the kids will learn about an artist from an interesting book showing many photos of the artist's work and then we will create a piece of art similar to what that artist made. Some of the weeks we will need two Tuesdays to complete our artwork, so hope you can make it to each class. For those of you who have been in my Friday School First Grade class, we will be doing different projects. Looking forward to teaching your students!

Science ~ Teacher: April is a "retired" elementary school teacher who is homeschooling her 7 and 9 year-olds. Christian homeschooling is her passion. She holds a Master's degree in Social Psychology, where her focus was children's socialization.

We will be using Apologia Science—a wonderful, creation-based curriculum. K-6th grade will study human anatomy and physiology, using exciting activities and experiments to explore our body systems, senses, blood and cells. 7th and 8th graders will take an in-depth look at the scientific method and experiment design through the study of simple machines, archaeology, geology, biology and more!

PE ~ Teacher: Lynn Murray BS Physical Education California Teaching Credential in PE

Tuesday School’s Physical Education Class will have the wonderful opportunity to be inside using a gym! This class involves basic movement principles which will be incorporated throughout each class meeting, particularly in teaching skills which are specific in various games and sports. Selected activities will show a balance between individual and team emphasis, with having a gracious attitude and sportsmanship always strived for. Physical Fitness will be addressed in every session during warm-up and the California Benchmarks and Standards will be covered. Each class will include skill instruction, a variety of drills and a FUN lead-up game which will be sequential through the specific unit. Kids should wear clothing that they can PLAY in and shoes they can RUN in. Each class is also designed to emphasize the motor development of that particular age level and lots of Fun for ALL!

Friday School Center for Creative Learning 2011—2012

@ Chino Valley Community Church

14601 Peyton Drive Chino Hills CA. 91709

A program to enrich your child in developing art, science, music and physical movement. Our purpose is to love, support, and serve each other, the parents, and the children, with the love of Jesus Christ. We want to enrich the home school experience of children by teaching these extra curricular activities as well as providing a chance to bond with other children through constructive social contact.

Chapel — Students and parents meet together for worship and a devotional. Student leaders are being developed as we create worship teams with praise team leaders. We also listen to God’s Word through parent speakers. (Parents are encouraged to participate in chapel through worship and listening attentively to speaker. Sitting with children is recommended.)

K—3: Classes include various activities that create a joyful classroom experience that incorporates science, history, cooking and PE. A weekly theme pulls everything together to make this a fun time for your student.

Physical Education involves basic movement principles which will be incorporated throughout this class, particularly in teaching skills which are specific in various games and sports. Selected activities will show a balance between individual and team emphasis, with a good attitude and sportsmanship always at the top. Physical Fitness will be addressed in every session during warm-up; skill instruction, a variety of drills and FUN lead-up games will be the sequence of each class. Kids should wear clothing that they can PLAY in, and shoes they can RUN in. Each class is designed to emphasize the motor development of that particular age level and be lots of FUN for ALL!!!

Science-A lab based class centered around creationism. It introduces the student to basic scientific concepts through lectures, teacher-student interaction and, of course, experiments. Some of the past subjects taught have included astronomy, chemistry, physics, botany and entomology.

Art-This class will be an Introduction to a handful of different art mediums. Students will experiment with sketching, pastels, watercolors and cartooning. This class is designed to meet the students’ different ranges of skill and interests through a series of assignments, home projects as well as keeping a sketchbook throughout the session. My goal for the class is for the students to unleash their creativity, develop their skills, gain knowledge and confidence in the arts, and do all of the above while having FUN!

Chapel meets upstairs in the youth room

Children will be excused to teachers after chapel and teachers will take students to classroom

Please provide your child with a snack.

The library that is right on campus will be open between 8:30 am—12:30 pm every week. You can check out books, movies or just read and relax.

For those of you who need somewhere to go other than the above options while Friday School is in session there are many options in the area from shopping, and eating to parks and gyms. Please go to the front table for a map.

There are a few rules that we need to abide by while on the campus:

Please remember that we are guests and we should try our best to be a blessing!

Please no wheels in shoes inside the building.

Please no gum, food, or drinks in the building. (But, remember to bring snacks for a specified snack time!)

Please do not touch any equipment that doesn’t belong to you.

Please stay only in the designated school areas.

Please do not use the elevator unless needed...stairs are outside the building.

Thank you. I know this will be a great year for our group!!

HIGH SCHOOL HAPPENINGS

High School Coordinator: Carol Loumagne (909) 913-3225

April 2012

Do you have questions about home schooling through high school? Our next parent meeting will be in May and we will also have a Park Day meeting in May geared to those of you who are new to teaching teens. Come get forms, learn about state and school requirements, testing, and more. There will also be time to ask questions and talk to parents who have taught their teens at home successfully. Check the next newsletter for dates and times.

High School Terre Nova testing (replaces SAT10s)--Testing will be **Monday, April 23rd** at the high school campus, Upland. Because of the new test, we have a **very** limited number of tests available. If you need to have your student tested this year, please contact Carol Loumagne immediately. (909) 913-3225.

SENIORS!!

Graduation essay—We would like all seniors to write a one-page essay. The topic they should write on is, "How has homeschooling prepared you for life." or "What experience has made a difference or impact in your life for your future." Please make your essay one page long, typed, double-spaced, in size 12 font. The essays are due to Marilyn by the first park day in May--emailed to Marilyn at marilyna5@aol.com and cc to Carol Loumagne famloul@msn.com. Our student speakers will be chosen to read their essays.

Graduation photos and verse—Send 7 pictures and your favorite verse to Hunter French (2839 Halsey Ave. Arcadia, CA 91006).

Graduation dress code-- If you have not paid for your cap and gown, please send Marilyn a check for \$75 made out to Center for Creative Learning. This payment includes a photo that will be taken the night of graduation and the family fee that helps to pay for the facility.

Boys need to wear dark slacks, long-sleeved shirt and tie, jacket optional. Girls should wear dressy dresses at the knee or longer. Sweaters must be worn over spaghetti straps.

Parents of seniors!! If you have not turned in grades for first semester, please do so immediately. Graduation is coming!!

Transcript Requests—Please allow 5 — 7 days for processing your transcript request. Contact Martha Lujan at WCSPSP@aol.com

Remember—

*A *maximum* of **9 courses** allowed each semester ~ although only 70 credits are needed each year to have 280 credits ☺

****a placement exam must be completed prior to enrollment - call or e-mail ASAP****

This is a full year, high school level course - **STUDENT MUST HAVE COMPLETED AT LEAST ALGEBRA I PRIOR TO ENROLLMENT** - I do recommend, for most, that students take Alg 2 the year immediately following Alg 1, if they are intending to do **BOTH** classes - Alg 2 content relies **HEAVILY** on Alg 1 content!!

This is a presentation of Algebra as an exercise in stewardship of creation, developing thinking skills and Christ-likeness . . . wow! Chapter 1 dives right into factoring polynomials, binomials, and trinomials, assuming a pretty strong mastery. Text moves through linear equations and inequalities, linear relations, quadratic equations and functions, graphing, linear programming, radicals and exponential functions and equations, imaginary and other complex numbers, rational expressions and equations, trigonometry, and matrix algebra. Students will learn concepts in class, then complete daily assignments at home. Daily homework assignments will be corrected by student or parent. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session. **TEACHER'S EDITION REQUIRED** -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week. The subject matter here is complex - **TOO** complex for a once a week class. It will be **TWO (2) days per week**, though there may be a **FEW** Friday classes that we **DON'T** hold (due to holiday schedules, etc).

Materials: 3-ring binder and paper, ruler (inches and cm), protractor, compass (call before buying!), and a scientific calculator . (graphing calculator **NOT** necessary)

CONSUMER MATH (Grades 11-12)

Text: Consumer Math (2nd edition) BJU Press softback ISBN# 1-57924-892-6
(2005 publish date) teacher's ISBN# 1-57924-893-4

This is a full year, high school level course - a God-centered, Scripturally-based approach to stewardship, and the financial transactions that are encountered in every-day grown-up real life. Based on the five essential principles for the consumer: 1) plan ahead 2) shop for bargains 3) maintain the value of your belongings 4) know when to borrow, and 5) keep accurate financial records.

Will cover such things as income and tax deductions, budgeting, personal banking, borrowing money, transportation costs/investments (buying and maintaining a car), food costs and budgeting strategies, clothing costs and budgeting strategies, housing costs and budgeting (including home purchases and maintenance), life and health insurance, income taxes (including completion of the basic tax forms), and vacation planning. (whew!)

These are **BASIC LIFE SKILLS** that everyone needs, and few, at this time in their life (or ever) are given adequate instruction on! Students will learn concepts in class, then complete daily assignments at home. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session. **TEACHER'S EDITION REQUIRED** -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week (or to learn alongside their student!). Parents or students will correct the daily work.

Math concepts will be basic, but there's quite a bit of it!! -- at least completion of a Pre-Algebra class would be wise. Ratios, Percentages, basic equation solving, and measurements (including conversions) will be **COVERED**, but a basic knowledge would be good . . . This is a great math option for the student who is **NOT** strong in math skills, but needs to get the required classes in for graduation, as **WELL** as being a terrific life-skills course for **ANYONE**, including the mathematically gifted :-). Recommended for students who are seniors, especially before they "head out into the world".

This is a full year course. Will cover skills required to proceed into High School Algebra, and students completing it will be WELL PREPARED for Algebra 1.

**I get asked often, which math should my Jr Higher be doing?" If your student does a decent job (80% average) on basic mathematics, especially multiplication & division, and maybe ok on fractions, he/she should take Pre-Algebra. The current "fashionable" trend in education these days (public and private) is that students should take Algebra I in 8th grade, which would mean Pre-Alg in 7th. This works for some, and is (in my opinion) a GRAVE mistake for a lot of others! According to Bob Jones, this is an 8th grade curriculum.

This class is available, as well, to High School students who require additional work on the basics!

Call me if you need to talk about any of this!

Starts right out working with equations, covering properties of addition, subtraction, multiplication and division. Will move into decimals, integers, multiples, factors, fractions, equations and inequalities, ratio, proportion, percentages, geometry and graphing. Emphasis through entire text is on equations and solving them, using all the mathematical concepts introduced. These basic skills would be prerequisite for an Algebra course. Students will learn concepts in class, then complete daily assignments at home. Daily homework to be corrected by parent and/or student. Tests will be sent home, to be administered by a parent or homeschooling teacher, and brought back to the next class session. TEACHER'S EDITION REQUIRED -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week.

THIS CLASS BEING OFFERED IN POMONA AND IN CHINO HILLS, IF DEMAND SUPPORTS.

This is a full year, high-school level course. Begins with a very extensive review of basic mathematical terms and rules, working with integers and real numbers. Moves into the vocabulary of Algebra, solving equations and inequalities, relations, functions, and graphs, systems of equations and inequalities. Then covers working with polynomials, and factoring them, dealing with radicals, quadratic equations, rational expressions and equations. Students will learn concepts in class, then complete daily assignments at home. Daily homework to be corrected by parent and/or student. Unit tests will be sent home, to be administered (per instructions) by a parent or homeschooling teacher, and brought back to the next class session. This is a presentation of Euclidean geometry, as a model of God's creative energy - and as man's attempt to understand and explain God's creation. Covers incidence geometry, subsets of lines, planes and space, segments and measurement, angles and measurement, preparing proofs, congruence, triangles and quadrilaterals, area of two and three dimensional forms, Circles and the related geometric functions, space and how geometry applies there, volume, transformations and symmetry. Heavy emphasis on two-column proofs. Students will learn concepts in class, then complete daily assignments at home. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session. In addition, a notebook is kept and will be graded. **TEACHER'S EDITION REQUIRED** -- Parent(s) encouraged to accompany students to class, in order to support study during the week.

This is a presentation of Algebra as an exercise in stewardship of creation, developing thinking skills and Christ-likeness . . . wow! Chapter 1 dives right into factoring polynomials, binomials, and trinomials, assuming a pretty strong mastery. Text moves through linear equations and inequalities, linear relations, quadratic equations and functions, graphing, linear programming, radicals and exponential functions and equations, imaginary and other complex numbers, rational expressions and equations, trigonometry, and matrix algebra. Students will learn concepts in class, then complete daily assignments at home. Daily homework assignments will be corrected by student or parent. SAT PREP PLUS

This one-semester class is designed to prepare students for success in taking the college entrance SAT test which includes math, critical reading, and essay writing. Career and college preparation will be studied through assessments of spiritual gifts and personality types. We will research colleges, universities, and career programs as well as exploring financial aid opportunities. Although geared toward juniors and seniors, this course is open to any student who has successfully completed geometry. Contact Amy Miller for more information: amyamykatekate@yahoo.com.

*****Public Speaking I**

In this one-semester course, we will learn to express our beliefs and ideas to a variety of audiences. Lessons will include audience analysis, peer critiques, humorous interpretations, persuasive speeches, impromptu speeches, interpretation of current events, and much more. Students will have the opportunity to share at our Friday School Chapels as a practical application of skills learned. The class will include quizzes and tests and there will be a grading rubric for presentations. I will be using the Bob Jones Materials in conjunctions with curricula from Thersa Moon. This class counts for 5 units of elective credits.

Depending on interest, a second semester, Public Speaking II will be offered, focusing on acting, storytelling, and interview skills as well as interpreting literature.

Materials: binder, paper, and Sound Speech Student text, available from bjupresshomeschool.com

Day/Time: Tuesday Mornings 9:15—10:30 am

Instructor: Amy Miller (626) 290-2704 or amyamykatekate@yahoo.com

NEW THIS YEAR!! Theology and Literature (The theology and literature of the Inklings)

This course provides a foundation in critical-thinking, academic writing, and Christian thought by exploring the works of the twentieth-century group of Christian writers from Oxford known as "the Inklings," as well as authors who influenced or were influenced by their writings. Readings will include works from George MacDonald, G.K. Chesterton, Dorothy L. Sayers, Charles Williams, C.S. Lewis, J.R.R. Tolkien, Sheldon Vanauken, and others. This is a Socratic style class that places a significant emphasis on dialogue and meaningful discussion in order to better understand how to love God and love our neighbor.

Cost: \$150 per semester

Materials: select novels from authors listed above

Teacher: Greg Loumagne 909) 379-8457

NEW THIS YEAR!! Modern World History

In *Modern World History* we will not only be studying historical events, we will also be studying the meaning of the world's history. As Christians we believe we are all on a journey to the end of time. The Christian historian therefore, has great hope concerning the journey of man, his own journey in history, and the end of time. As believers in Christ we acknowledge that God is active and at work in the world and in history. We also believe it is important for us to examine how and why different events happen, how they are connected to us today, and how they relate to our salvation. In order to really understand history and our place in it, we will pay special attention to the philosophy and theology that go along with that history. In order to explore the root of things that happen, the Christian historian must include philosophy and theology in his study. If he does not, then according to philosopher and historian Josef Pieper, he "is altogether unable to attain a serious view of the totality of history."

Cost: \$150 per semester

Materials: to be determined

*****HIGH SCHOOL SPANISH I (2 Semester Course)**

Grammar and Vocabulary Building – We will cover proper usage of verbs in the Present Indicative Tense, basic sentence structure, vocabulary building and immediate future formats. I will provide opportunities to interact and use learned material. We will spend time in grammar geared toward communication.

Conversation, Pronunciation and Oral Presentations – We will spend much time in one to one conversation and oral presentations. Majority of class time is used practicing what they are learning.

Reading and Writing – Daily reading assignments to check pronunciation, and writing assignments to check sentence structure.

Culture - The students will begin an exciting and valuable experience. Learning a new language will open up a culture other than their own, different ways of living, thinking, and functioning **Requirements:** Need to have for first day of class.

*****PHYSICAL SCIENCE W/LAB (Recommended 9th grade, 8th grade may take for high school credit)**

In this two-semester course, we will explore volcanoes, weather patterns, geology, beginning chemistry, and beginning physics. We will include biographies of famous scientists in our study. This class fulfills one year of the high school science with lab credit, and we will be doing the labs in class. Throughout the year, students will complete mini-presentations that will be given during our class time as well.

Materials: ABeka's Science of the Physical Creation, 2nd edition, Student Text, Student Test Book, Student Quiz Book, and Student Lab Manual, available at ABeka.com

*****Beginning Guitar Class (Grades 4-12) Two Semesters:**

This class includes learning basic music theory, reading notes and rhythms, as well as basic chords. An acoustic guitar (not electric) is required with either nylon or steel strings. Nylon strings tend to be easier on the beginning fingers.

Teacher: Peggy Petersen (626) 856-8700.

Cost: \$140 (plus book fee)

11:45 am—1pm

*****California History (Grades 4—6):**

This year-long course will give the student an overview of the history, geography and distinct features of our unique state. The study will begin with the exploration of the New World and the Spanish Conquest of America, followed by the discovery, colonization and settlement of California. The study will continue with the growth of California to independence and statehood, the Gold Rush, and the Transcontinental Railroad. Activities will include map work, brief research, writing assignments, artwork and a pictorial timeline. Students will also compile a Notebook project on the different features and aspects of California.

Please contact Linda Gabriel if interested: 909-931-3991; email: 2manybooks@verizon.net.

Tuition: \$100 + \$5 material fee

SCIENCE LAP BOOK CLASSES for GRADES 2—7.

This class will be offered at the Pomona location ONLY this year. We will study topics such as Geology (8weeks), Ocean Life (4 weeks), weather (4 weeks), amphibians & reptiles (4 weeks) and the human body (8 weeks) Students will make a great folder project to show off all they learn in class. This is a fun, informative, creative way to learn!

World History - This fall we will be studying world history from a Christian perspective through literature, discussions and projects. Possible world literature component as well. 9:00 a.m. Monday mornings at 14528 Crest Court in Chino Hills. If interested, please contact Bev Gibbon 909-597-8819 or email gibbonfam@verizon.net.

Torrey Academy offers a unique opportunity for us in the form of three classes that they offer in San Dimas at the Vineyard Church on Foothill Blvd. They will be taking sign-ups by phone and on line at www.biola.edu/ta. If you have a 10th, 11th, or 12th grader who is interested in a challenging, classical education approach to literature, philosophy, and Christian worldview please talk to Carol Loumagne or check out the website for more information. The three classes are The Inklings, Foundation of American Thought, and Faith of Our Fathers.

Music Perspectives Please call Carol Loumagne if you are interested in taking this class. There currently are not enough students signed up to take the course but we would like to offer it if there is sufficient interest. 909-913-3225 (Recommended 9-12th grades) This course (10 credits) meets the visual and performing arts requirement for graduation. It emphasizes music reading and listening, elements and forms, instruments of the orchestra, historical periods of music, and select biographies of famous composers.

Books required for the course include *Appreciating Music* (BJU Press), and *Spiritual Lives of the Great Composers* (BF Books).

Materials: soprano recorder, ringed notebook

Cost \$140 per semester plus materials

Carol Loumagne has held a California Teaching Credential since 1978. She taught all four of her children at home from kindergarten through high school. Two of them have graduated from college and are currently teaching. The other two are attending college at present. She has been teaching English classes for Western Christian's PSP since 2003.
