## Heart to Heart ♥

### Marriage Made in Heaven

This month I would like to share on marriage from the perspective of being a godly wife and how this is foundational to having a successful home school. As far as being a woman goes we all face many of the same obstacles in our life. We are emotional creatures prone to sin and selfishness. Home schooling even adds to the pressure.

I believe in this time in history we have a strong sense of entitlement to what is owed us as well as a strong tendency to get "hurt feelings." Many times our husband is the victim of our weakness and we make him pay for it. We are easily hurt and expect him to be perfect.

Here are some ideas for the home school Mom to implement to have a marriage made in heaven. We are called by God to be our husband's helper. Genesis 2:18 says: The Lord God said, it is not suitable for the man to be alone. I will make a helper for him." Every word or attitude may be negative or positive has an effect on the marriage covenant. Proverbs 18:21-22 says: "The tongue has the power of life and death, and those who love it will eat its fruit. He who finds a wife finds what is good and receives favor from the Lord." What we say comes out of our heart. We need to guard our heart from the accuser of the brethren who would tear our husband down. We need to be a good thing that our husband has found. What we say and do is a witness to our children for good or bad. They are listening to us and will aspire to be like us unless we let our lower selfish natures take over and dominate the home. Women can be emotionally dominant in the home and unless our emotional lives under the Lordship of Jesus, we can do harm. So dear Moms listen up!

1. We need to cultivate hope and love in our hearts for our husbands and not become bitter over small issues and offenses. I remember one time I was upset with Bill and he looked at me and said, "I am only human." So there you have it. They aren't perfect, but what are we going to do? Cultivate bitterness or gentleness? A bitter root is under the surface and not easily seen at first. It begins to bear bitter fruit after years of not humbling yourself under the convicting power of God.
2. We need to be an example of respect and honor for the sake of our children. They are witnesses to every attitude and word we speak. Believe me when I say they are watching everything. The sad thing about disrespecting our husband is that it minimizes his role as father to the children. They won't respect his authority and his leadership in coming years. Home schooling is really about the influence of God coming through the parents to train and mold a child in godliness.
3. We need to be content in all that our husband is and be content with all he does instead of harboring contempt for all he is not. It is a sin to covet something. I have heard Christian wives complain about their husband not taking a leadership role in the family or not being spiritual enough in some area. This is a very destructive force that can eventually destroy a marriage. Disappointment and hurt manifested by the wife never changes a man. Only God can and our job is to support him and help him in everything we possibly can. We need to praise him in front of others and in front of the children. We need to honor the man God has given us with every fiber of our being.

### Parent meeting

March 19, 7 pm. Join us for this mentor meeting for any mom who has questions or needs encouragement on her home school journey. We will have moms who have years of experience there to share. If you have any home school curriculum idea or book, please bring that to share!

## Contenders For the Faith

Contenders For the Faith is a boys group for grades K-8th grade. The group is designed to help the boys learn new skills, grow toward being a righteous man, make friends, and have fun!

We are studying a variety of subjects depending on the age group. We have many fun Father/Son outings for the boys to have time to bond with their dads as well as with each other and family outings during the year.

We are a parent lead group! We are looking for a few moms, dads or high schoolers (for service credits) to join us to help run the program. Positions like group leaders are vitally needed right now as well as child care and event coordinator. Space is limited in the group and all parents are asked to help in some way.

The Importance of Play

Last month I shared four points meant to encourage you in your homeschooling experience. Point number two was titled “Give your Children Plenty of Time to Play.”

Shortly after writing that, I came upon an article in the Wall Street Journal that was called “The Importance of Child’s Play.” The writer had some pretty interesting statistics. “After interviewing child-care providers from 34 very different Cincinnati area centers—urban to suburban, Head Start to high income—researchers found that kids spend an average on only 2% to 3% of their day in “vigorous activities.” That means 97% of a typical child’s day is not in anyway physical. According to this article, three quarters of American kids ages three to five, spend most of their day in an institutionalized setting. The reason for this “institutionalized atrocity” the writer says, is fear of injury and the fear of falling behind in school. Two fears that also plague homeschool parents.

When I grew up in the fifties, I don’t know if the world was safer. The only thing I knew is that my mother and father acted as though nothing bad would happen to me. From the age of nine or ten I traveled with my group of friends on our bikes from one adventure to another. The only rule was that I could not hang out at any stores and I had to be home by dark. One thing I remember about the fifties is that there were kids everywhere. There were so many kids that I didn’t even bother getting to know the group at the other end of the street. Kids were everywhere and most mothers stayed home, which meant there were a lot of substitute mothers keeping an eye on me.

The article goes on to say that “kids learn through play. When kids play, they are learning everything from motor skills to social skills and numbers. Kids playing outside also learn things like distance, motion, the changing of the seasons—things we take for granted.” The author quotes an expert on children who says, “21<sup>st</sup> century kids are unsafe on any environment because they have not developed the strength, the flexibility, the motor skills that come with being a well-rounded child.”

People homeschool because they want the best education for their child. They are challenged, though, by getting their children to sit still and study—especially with boys. According to this article the more physical activity you allow prepares your child mentally. Rather than striving, try allowing more free time to play and less book time in the early years.

Park Day

Park Day is one of the best times for moms and kids to gather for fellowship and fun!

**Location: Marchant Park, San Dimas, Juanita & Walnut Ave., 1—3 pm, unless otherwise stated.**

Join us on March 14 for Greek Dodgeball! On March 28 we’ll begin the President’s Physical Fitness Testing. Mom’s, we need your help!

Directions to Marchant Park: 210 fwy. EXIT San Dimas, go south to 4th St., turn LEFT. Go to Walnut Ave., turn Right. Go to Juanita Ave., turn LEFT.

\*\*\*\*\*

**A MORE “EASTERN” PARK DAY!** We are meeting on the 3rd Wednesday of each month at Beryl Park (west) in Rancho Cucamonga. (on Carnelian just north of the 210 freeway) We meet from 12:00 to 1:30 with sack lunches. Come out and enjoy some fellowship with other moms while the children burn off some steam!

## YEARBOOK 2011—2012

It is that time of the year again. We need your DUPLICATE pictures from field trips, park day, Tuesday or Friday school; any pictures that represent Western Christian PSP. Please give or mail your pictures to Brenda McGilvra or Kimberly Longoria. I am sorry we cannot take pictures over e-mail. If you have any questions please call Brenda at (909) 593-4814. Picture deadline is May 25th.

**YEARBOOK HELP:** After this year, I (Brenda McGilvra) will be stepping down from the yearbook. We are in need of moms who want to help in future yearbooks for Western Christian PSP. This involves gathering pictures, laying out pages for print, organizing headshots of all students, being involved in picture day during SAT's and much more! If you are interested, please contact me at [nbmcgilvra@verizon.net](mailto:nbmcgilvra@verizon.net).

### Extra Yearbooks

All families will receive one 2011—2012 Western Christian PSP yearbook (if you paid your registration fee at the beginning of the year). If you would like an additional 2011—2012 yearbook, please fill out the form below and mail your payment of \$25.00 by May 25th to:

Brenda McGilvra  
4145 La Junta Drive  
Claremont, CA 91711  
(Checks payable to Brenda McGilvra)  
Please do NOT hand to Marilyn

Yearbooks will be available for pick-up in September at the first park day/Friday School.

## WHALE WATCHING

**Thursday, March 1<sup>st</sup>.** For ages 1 to 100! Maybe you have always thought that going on a whale watching trip would be a fun thing to do, but never got around to doing it or thought that it was too expensive. Well, here is your opportunity to spend a few hours watching whales (and other sea life) with other families from our home school group and at a reasonable cost. This is a 2 ½ hour, narrated cruise by members of the American Cetacean Society. The boat will travel ½ to 3 miles off the shore in search of the gray whales. In addition to gray whales, you may encounter dolphins, Pilot whales, seals, sea lions, fish and marine birds. Since no one can actually “guarantee” whale sightings, dolphins and porpoises (which are whales) are considered legitimate sightings. The boat is fully inspected by the U.S. Coast Guard. The

boat also features hot and cold food and beverage service, comfortable viewing facilities (topside and inside). There are also restroom facilities onboard. Dress warm. Bring a jacket, gloves, a hat and **wear rubber sole shoes**. Don't forget your camera and binoculars. Also, please note that one parent per family will need to sign the Manifest List before departure. There will be printed copies available with the rules that we need to abide by before you sign the Manifest. EVERY PERSON WHO WILL BE ABOARD THE BOAT WILL NEED TO HAVE THEIR FULL NAME, ADDRESS AND PHONE NUMBER RECORDED ON THE MANIFEST. THE MANIFEST MUST BE COMPLETED BEFORE WE ARRIVE AT THE DOCK. No ice chests or coolers are permitted on the boat.

**TIME:** Please arrive at the dock by 9:20 am. The cruise will depart at 10:00 am. So give yourself enough time to park and walk to the dock area.

**COST:** \$12.00 each for kids and adults. Children 3 and under are \$4.00.

**COORDINATOR:** Please RSVP to Denise Kross at [kd\\_kross@yahoo.com](mailto:kd_kross@yahoo.com) or 909-949-7057 before Friday, February 17<sup>th</sup>.

**DIRECTIONS:** Davey's Locker is located at 400 Main Street, Balboa 92661. (Please double-check the directions from another source before leaving home). Take whichever freeway necessary to get to the Costa Mesa (Route 55) Freeway. Take the 55 Freeway SOUTH until it ends at Newport Blvd. Take Newport Blvd. south onto Balboa Peninsula (NOT Balboa Island). It will merge with Balboa Blvd. Continue on Balboa Blvd. to Palm Street (look for a large green sign which says “Pier and Parking”). Turn RIGHT on Palm St. towards the large municipal parking lot and park. Then walk to the base of the Balboa Pier (south end of Main St.). Turn left and walk straight down Main St. away from the pier. Continue walking down Main St. until you reach the Balboa Pavilion, located at the far end. Davey's Locker is located to the right of the Harborside Restaurant in the Balboa Pavilion.

## SHAKESPEARIENCE

(A Field Trip for High Schoolers)

**WEDNESDAY, March 14<sup>th</sup>.** For grades 9<sup>th</sup> -12<sup>th</sup> and adults. Performed at the historic Alex Theatre in Glendale. This amazing field trip features stunning performances of the Bard's finest works! Essentially a “play within a play”, the production follows the adventures of an acting troupe as they stage a series of scenes from Shakespeare's most famous plays. From the tragic intertwining of “star-crossed lovers” in Romeo and Juliet to the hysterical antics of A Midsummer Night's Dream, each of the scenes has been carefully selected for their educational value as well as their dramatic impact on the students. With Puck as their guide, the students will embark on an unforgettable journey filled with dazzling swordplay, passionate love scenes, bitter betrayals, and mischievous magic! The performance lasts about 90 minutes.

Shakespeare

**TIME:** 12:00 noon. **Arrival time is 11:15 am.**

**COST:** \$11.00 per person (students and adults). **PAYMENT MUST BE IN BY FRIDAY, DECEMBER 2nd** (we need to pay in advance). Please make your check payable to Center for Creative Learning or CCL and write in the memo area “Shakespearience”.

## DODGER STADIUM TOUR

**THURSDAY, APRIL 26<sup>th</sup>.** The Dodger Stadium Tour provides fans the opportunity to see the ballpark in a very unique fashion. This behind-the-scenes tour lets fans visit some of the most restricted and non-public areas and view the Stadium from a whole new perspective. As baseball's third-oldest stadium, Dodger Stadium remains one of the game's most beautiful and historic venues. Highlights of this 90 minute tour may include: a trip down to the field at Dodger Stadium; a visit into the Dodger Dugout; an exclusive look at the Dugout Club, the VIP restaurant and lounge located behind home plate and home to the two World Series trophies; a walk through the Vin Scully Press Box; and more surprises. (This is a guided, walking tour of the ballpark which includes climbing stairs and ramps).

**TIME:** Please arrive by 10:00 am and meet outside the Top of the Park Store on the Top Deck level adjacent to Lot P. The tour will begin at 10:30 am (Don't be late, the tour will begin without you and it will be hard to find the group).

**COST:** \$8.00 for kids age 14 and under, seniors and military, AND \$11.00 for kids age 15 and up AND adults, AND children under age 3 are free.

**COORDINATOR:** Please RSVP to Denise Kross at [kd\\_kross@yahoo.com](mailto:kd_kross@yahoo.com) or 909-949-7057 before Wednesday, April 4<sup>th</sup>.

**DIRECTIONS:** 1000 Elysian Park Ave., Los Angeles. Directions to follow.

**TERANOVA 3 TESTING (FORMERLY SAT)  
FOR GRADES K-8<sup>TH</sup>**

**ATTENTION, ALL MOMS!!!** Teranova testing is next month. **The fee for testing is \$22.00 per child and you can make your check payable to Western Christian.** Testing will take place on Tuesday, April 10<sup>th</sup>, Wednesday, April 11<sup>th</sup>, and Thursday, April 12<sup>th</sup>. On Tuesday, April 10<sup>th</sup>, everyone needs to arrive by 8:00 am and testing will go until approximately 12 noon. Then for Wednesday, the 11<sup>th</sup> and Thursday, the 12<sup>th</sup>, we will go from 8:30 am to about 12:00 noon (we will probably end earlier on Thursday). We will be testing at the Western Christian Elementary School campus, located at 3105 Padua Avenue, Claremont. The staff at Western Christian has requested for us to have plenty of adult supervision in each classroom. This is where your help is needed – we need every available mom to help during Teranova 3 testing (**no more help is needed for the booksale**). Please arrange your schedule to be available all 3 days, if possible (ie. – arrange for baby-sitters, if needed). We need moms to proctor the tests, help supervise in the classrooms, with the used book sale, with Picture Day on Wednesday, and in the hospitality area. Please contact Denise Kross at [kd\\_kross@yahoo.com](mailto:kd_kross@yahoo.com) or 909-949-7057 to sign-up to help. There will also be sign-up sheets at the Friday Schools, the Tuesday School in Rancho and Park Days.

**TERANOVA 3 TESTING (FORMERLY SAT)  
SKATE PARTY**

**THURSDAY, April 12th.** To celebrate a job well done, we will be having our annual skate party at Skate Express in Chino. Please sign-up at the Friday Schools, Parks Days or during SAT Week. Please pay CCL in advance (not at the door of Skate Express).

**TIME:** 1:00 pm to 4:00 pm (please arrive by 1:15 pm because we need to enter as a group, but you don't have to stay until 4:00 pm)

**COST:** \$7.50 per skater (kids and adults). The cost includes admission and skate rental. Please make your check payable to Center for Creative Learning (or CCL) and write in the memo area "SAT Skate".

**COORDINATOR:** Please RSVP to Denise Kross at 909-949-7057 or [kd\\_kross@yahoo.com](mailto:kd_kross@yahoo.com) on or before Tuesday, April 10th.

**DIRECTIONS:** Skate Express, 12356 Central Ave., Chino. (Please double-check the directions from a different source before leaving home). From Western Christian Claremont Campus: Turn right onto Padua Ave., continue of Monte Vista (Padua becomes Monte Vista when you cross over Baseline), turn left on Richton St., turn right on Central Ave., go over the 60 Fwy. and turn right at the first street (there is a Taco Bell on the corner).

**SEA WORLD 2012**

**WEDNESDAY, MAY 2<sup>nd</sup>.** A great family event! (Please add at least an extra hour or so to the mapquest travel time – due to potentially heavy traffic). The group **HAS** to enter **TOGETHER**. The Sea World Instructional Field Trip program is a self-guided educational experience that focuses on ocean animals – their habitats, adaptations, and conservation. The program includes an animal training presentation. You can either sign-up for the half-day program or the full-day programs. **Half-day:** This only includes the animal training presentation and exhibits – No other shows (example: Shamu show, Seal show, etc.) and no rides and you must exit the park by 1:30 pm. **Full-day:** Includes all shows and rides. You will receive wrist bands and you can stay until the park closes.

**TIME:** Please arrive and be at the Educational Entrance gate by 9:00 am. We will enter the park at 9:30 am.

**COORDINATOR:** Please RSVP to Denise Kross at [kd\\_kross@yahoo.com](mailto:kd_kross@yahoo.com) or 909-949-7057 on or before Friday, April 20<sup>th</sup>.

**COST:** Make check payable to Center for Creative Learning (or CCL). Please indicate the number of children and the number of adults. **Half-day program:** \$7.00 per person (kids and adults). **Full-day program:** \$39.00 per person (kids and adults). **Parking** is FREE – each family will receive a parking flyer. In case of rain, the park will NOT cancel the event and there are no refunds.

## Tuesday Classes @ Community Baptist Church

9090 19th St., Rancho Cucamonga, A 91701

Grades K—6

### ***NEW WRITING CLASS OFFERED NEXT YEAR FOR TUESDAY SCHOOL IN RANCHO CUCAMONGA!***

The K-2 grades will be doing a session on “Teaching Character through Literature” similar to the Beautiful Feet study guide. We’ll be reading, drawing, and writing or tracing simple Bible verses or stories. The 3-8 grades will be using the same type of character based literature books while learning the IEW (Institute for Excellence in Writing) skills. The students will be putting together a binder and learning basic writing skills, using IEW methods. More details to come...

Art ~ Teacher: Christy Miller

In this session of Tuesday School the kids will learn about an artist from an interesting book showing many photos of the artist's work and then we will create a piece of art similar to what that artist made. Some of the weeks we will need two Tuesdays to complete our artwork, so hope you can make it to each class. For those of you who have been in my Friday School First Grade class, we will be doing different projects. Looking forward to teaching your students!

Science ~ Teacher: April is a "retired" elementary school teacher who is homeschooling her 7 and 9 year-olds. Christian homeschooling is her passion. She holds a Master's degree in Social Psychology, where her focus was children's socialization.

We will be using Apologia Science—a wonderful, creation-based curriculum. K-6th grade will study human anatomy and physiology, using exciting activities and experiments to explore our body systems, senses, blood and cells. 7th and 8th graders will take an in-depth look at the scientific method and experiment design through the study of simple machines, archaeology, geology, biology and more!

PE ~ Teacher: Lynn Murray BS Physical Education California Teaching Credential in PE

Tuesday School’s Physical Education Class will have the wonderful opportunity to be inside using a gym! This class involves basic movement principles which will be incorporated throughout each class meeting, particularly in teaching skills which are specific in various games and sports. Selected activities will show a balance between individual and team emphasis, with having a gracious attitude and sportsmanship always strived for. Physical Fitness will be addressed in every session during warm-up and the California Benchmarks and Standards will be covered. Each class will include skill instruction, a variety of drills and a FUN lead-up game which will be sequential through the specific unit. Kids should wear clothing that they can PLAY in and shoes they can RUN in. Each class is also designed to emphasize the motor development of that particular age level and lots of Fun for ALL!

**A program to enrich your child in developing art, science, music and physical movement.** Our purpose is to love, support, and serve each other, the parents, and the children, with the love of Jesus Christ. We want to enrich the home school experience of children by teaching these extra curricular activities as well as providing a chance to bond with other children through constructive social contact.

**Chapel — Students and parents meet together for worship and a devotional. Student leaders are being developed as we create worship teams with praise team leaders. We also listen to God’s Word through parent speakers. (Parents are encouraged to participate in chapel through worship and listening attentively to speaker. Sitting with children is recommended.)**

**K—3: Classes include various activities that create a joyful classroom experience that incorporates science, history, cooking and PE. A weekly theme pulls everything together to make this a fun time for your student.**

**Physical Education** involves basic movement principles which will be incorporated throughout this class, particularly in teaching skills which are specific in various games and sports. Selected activities will show a balance between individual and team emphasis, with a good attitude and sportsmanship always at the top. Physical Fitness will be addressed in every session during warm-up; skill instruction, a variety of drills and FUN lead-up games will be the sequence of each class. Kids should wear clothing that they can PLAY in, and shoes they can RUN in. Each class is designed to emphasize the motor development of that particular age level and be lots of FUN for ALL!!!

**Science**-A lab based class centered around creationism. It introduces the student to basic scientific concepts through lectures, teacher-student interaction and, of course, experiments. Some of the past subjects taught have included astronomy, chemistry, physics, botany and entomology.

**Art**-This class will be an Introduction to a handful of different art mediums. Students will experiment with sketching, pastels, watercolors and cartooning. This class is designed to meet the students’ different ranges of skill and interests through a series of assignments, home projects as well as keeping a sketchbook throughout the session. My goal for the class is for the students to unleash their creativity, develop their skills, gain knowledge and confidence in the arts, and do all of the above while having FUN!

Please provide your child with a snack.

The library that is right on campus will be open between 8:30 am—12:30 pm every week. You can check out books, movies or just read and relax.

For those of you who need somewhere to go other than the above options while Friday School is in session there are many options in the area from shopping, and eating to parks and gyms. Please go to the front table for a map.

There are a few rules that we need to abide by while on the campus:

*Please remember that we are guests and we should try our best to be a blessing!*

*Please no wheels in shoes inside the building.*

*Please no gum, food, or drinks in the building. (But, remember to bring snacks for a specified snack time!)*

*Please do not touch any equipment that doesn’t belong to you.*

*Please stay only in the designated school areas.*

*Please do not use the elevator unless needed...stairs are outside the building.*

*Thank you. I know this will be a great year for our group!!*

Fee: \$105 per student per semester (check payable to CCL)

# HIGH SCHOOL HAPPENINGS

High School Coordinator: Carol Loumagne (909) 913-3225

March 2012

**Do you have questions about home schooling through high school?** Our next parent meeting will be in May and we will also have a Park Day meeting in May geared to those of you who are new to teaching teens. Come get forms, learn about state and school requirements, testing, and more. There will also be time to ask questions and talk to parents who have taught their teens at home successfully. Check the next newsletter for dates and times.

**High School Terre Nova testing (replaces SAT10s)--**Testing will be Monday, April 23<sup>rd</sup> at the high school campus, Upland. Because of the new test, we have a **very** limited number of tests available. If you need to have your student tested this year, please contact Carol Loumagne immediately. (909) 913-3225.

**Parents of seniors!! If you have not turned in grades for first semester, please do so immediately. Graduation is coming!!**

**SHAKESPEARIENCE** (*A Field Trip for High Schoolers*) ~

**WEDNESDAY, March 14<sup>th</sup>.** For grades 9<sup>th</sup> -12<sup>th</sup> and adults. Performed at the historic Alex Theatre in Glendale. This amazing field trip features stunning performances of the Bard's finest works! Essentially a "play within a play", the production follows the adventures of an acting troupe as they stage a series of scenes from Shakespeare's most famous plays. From the tragic intertwining of "star-crossed lovers" in Romeo and Juliet to the hysterical antics of A Midsummer Night's Dream, each of the scenes has been carefully selected for their educational value as well as their dramatic impact on the students. With Puck as their guide, the students will embark on an unforgettable journey filled with dazzling swordplay, passionate love scenes, bitter betrayals, and mischievous magic! The performance lasts about 90 minutes.

**TIME:** 12:00 noon. **Arrival time is 11:15 am.**

**COORDINATOR:** Denise Kross at (909) 949-7057 or [kd\\_kross@yahoo.com](mailto:kd_kross@yahoo.com) **DIRECTIONS:** Alex Theatre, 216 North Brand Blvd., Glendale 91203. (Please double-check the directions from another source before leaving home). Take the 210 Fwy north to the 134 Fwy west and exit Brand Blvd. and turn right onto Maryland Ave. **ALL STUDENTS AND CHAPERONES MUST MEET BEHIND THE ALEX THEATRE ON MAYLAND AVE.** There is parking available in nearby parking lots.

**Transcript Requests**—Please allow 5 — 7 days for processing your transcript request. Contact Martha Lujan at [WCSPSP@aol.com](mailto:WCSPSP@aol.com)

**Remember—**

\*A *maximum* of **9 courses** allowed each semester ~ although only 70 credits are needed each year to have 280 credits ☺

**Due Dates for High School Paperwork** (*Please send all paperwork to Martha Lujan.*)

October 1 -	Course Summaries, 4-Yr Plan
January 30 -	1st semester Report Card, Lesson Plans & Grade Sheet

## Jr. High and High School Credit Courses CLASS DESCRIPTIONS 2011—2012!!

**Enrollment Fee:** \$25 per semester per class (payable to Center for Creative Learning)  
THIS IS NOT INCLUDED IN TUITION FEES!

**Course Fee:** Fees vary (payable to individual teacher) Per semester unless otherwise stated.

**How to Enroll:** Please call each individual teacher to enroll. Registration forms will be e-mailed and/or available at [www.freedomtoteach.org](http://www.freedomtoteach.org). These are to be completed and turned in to teacher(s) on the first day of class. Only ONE form per student needs to be completed for all classes to be taken.

**Please note:** These classes are designed to be supplemental--to help parents of junior high and high school students. The parents are considered the primary instructors and are responsible to make certain that the work is completed, that grades are turned in to the PSP, and that payments are made to the respective teachers.

### Chino Valley Community Church

*14601 Peyton Drive Chino Hills CA. 91709*

**Writing/Grammar I** through U.S. History (Explorers to the Gold Rush)

This is a full year course for 6-10th graders. It is a class for students who have not taken a writing class previously or are not familiar with the basic EIW elements. The class will cover vocabulary, grammar, editing, public speaking and poetry using sources that focus on this time period in history.

Material: Three ringed binder, dividers

Location: Chino Valley Community Church

Teacher: Karen Greek 909.986.7158 or [webksg@verizon.net](mailto:webksg@verizon.net)

**Writing/Grammar II** through U.S. History (Civil War Era to the Present Day)

This is a full year course for 6th-10th graders. It is a class for students who have taken Writing and Grammar I or have had previous experience with EIW and know the elements included in this program. This class will also include vocabulary, grammar, editing, public speaking and poetry using sources that focus on this time period in history.

Materials: Three ringed binder, dividers, packet from Writing I, and the novel Animal Farm

Location: Chino Valley Community Church

Teacher: Karen Greek 909.986.7158 or [webksg@verizon.net](mailto:webksg@verizon.net)

**American Literature:**

In this junior level course students will study the great American writers such as Jonathan Edwards, Hawthorne, Washington Irving, Twain, and many others. Students will enhance their critical thinking skills and develop their understanding of American Literature within a biblical worldview. Our weekly class sessions will provide a time of interaction between the students and teacher where they will engage in meaningful discussions about the material and participate in group projects and collaborative assignments. This class will include composition, novel reviews, timed writings and thesis statements.

Materials: TBA

Place: Chino Valley Community Church

Instructor: Karen Greek [webksg@verizon.net](mailto:webksg@verizon.net)

### **Physical Science**

This is a full year high school credit class. 8th graders can take the class for high school science credit as well. Topics covered will include: the atmosphere, oceanography, earthquakes, volcanoes, geology, chemistry and physics. This is a foundational science course that prepares your student for upper level science. It includes laboratory experiments that reinforce topics. We will be doing a science project and presentation in the second semester. (minimum 7 students needed)

Textbook/Materials: Abeka Science of the Physical Creation, 2nd Edition textbook, Lab Manual, and Test booklet

Location: Chino Valley Community Church

Teacher: Karen Greek 909.986.7158 or [webksg@verizon.net](mailto:webksg@verizon.net)

### **Spanish I**

This is a full-year, high school level course. We will learn basic conversation, as well as Spanish grammar and usage. We will also be introduced to various Latin American cultures. There will be homework every week and a test about every three weeks.

Text: Spanish I from Bob Jones University Press (I use 2nd edition, but 1st edition will work as well.)

Bring: 3-ring binder with 4 tabs

Place: Chino Valley Community Church

Instructor: Lori Fischer Email: [lori@5fishers.org](mailto:lori@5fishers.org) (please contact via e-mail only. Thanks.)

### **Spanish II**

This is a full-year high school level course. We will continue where we left off with Spanish I reviewing present-tense and preterite tense verbs before moving on to other tenses. There will be homework every week and a test about every three weeks. As time permits we will include games in our class time to help us review what we've learned. Bring: 3-ring binder with 4 tabs; 1 pack 3x5 cards with card file box.

(same text as previous 4 yrs) teacher's ISBN# 1-57924-386-X

**\*\*a placement exam must be completed prior to enrollment - call or e-mail ASAP\*\***

This is a full year, high school level course - **STUDENT MUST HAVE COMPLETED AT LEAST ALGEBRA I PRIOR TO ENROLLMENT** - I do recommend, for most, that students take Alg 2 the year immediately following Alg 1, if they are intending to do **BOTH** classes - Alg 2 content relies **HEAVILY** on Alg 1 content!!

This is a presentation of Algebra as an exercise in stewardship of creation, developing thinking skills and Christ-likeness . . . wow! Chapter 1 dives right into factoring polynomials, binomials, and trinomials, assuming a pretty strong mastery. Text moves through linear equations and inequalities, linear relations, quadratic equations and functions, graphing, linear programming, radicals and exponential functions and equations, imaginary and other complex numbers, rational expressions and equations, trigonometry, and matrix algebra. Students will learn concepts in class, then complete daily assignments at home. Daily homework assignments will be corrected by student or parent. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session. **TEACHER'S EDITION REQUIRED** -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week. The subject matter here is complex - **TOO** complex for a once a week class. It will be **TWO (2) days per week**, though there may be a **FEW** Friday classes that we **DON'T** hold (due to holiday schedules, etc).

**Materials:** 3-ring binder and paper, ruler (inches and cm), protractor, compass (call before buying!), and a scientific calculator . (graphing calculator **NOT** necessary)

## **CONSUMER MATH (Grades 11-12)**

Text: Consumer Math (2nd edition) BJU Press softback ISBN# 1-57924-892-6  
(2005 publish date) teacher's ISBN# 1-57924-893-4

This is a full year, high school level course - a God-centered, Scripturally-based approach to stewardship, and the financial transactions that are encountered in every-day grown-up real life. Based on the five essential principles for the consumer: 1) plan ahead 2) shop for bargains 3) maintain the value of your belongings 4) know when to borrow, and 5) keep accurate financial records.

Will cover such things as income and tax deductions, budgeting, personal banking, borrowing money, transportation costs/investments ( buying and maintaining a car), food costs and budgeting strategies, clothing costs and budgeting strategies, housing costs and budgeting (including home purchases and maintenance), life and health insurance, income taxes (including completion of the basic tax forms), and vacation planning. (whew!)

These are **BASIC LIFE SKILLS** that everyone needs, and few, at this time in their life (or ever) are given adequate instruction on! Students will learn concepts in class, then complete daily assignments at home. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session. **TEACHER'S EDITION REQUIRED** -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week (or to learn alongside their student!). Parents or students will correct the daily work.

Math concepts will be basic, but there's quite a bit of it!! -- at least completion of a Pre-Algebra class would be wise. Ratios, Percentages, basic equation solving, and measurements (including conversions) will be **COVERED**, but a basic knowledge would be good . . . This is a great math option for the student who is **NOT** strong in math skills, but needs to get the required classes in for graduation, as **WELL** as being a terrific life-skills course for **ANYONE**, including the mathematically gifted :-). Recommended for students who are seniors, especially before they "head out into the world".

**Materials:** 3-ring binder and paper, ruler (inches and cm), scientific calculator, others as instructed

This is a full year course. Will cover skills required to proceed into High School Algebra, and students completing it will be WELL PREPARED for Algebra 1.

\*\*I get asked often, which math should my Jr Higher be doing?" If your student does a decent job (80% average) on basic mathematics, especially multiplication & division, and maybe ok on fractions, he/she should take Pre-Algebra. The current "fashionable" trend in education these days (public and private) is that students should take Algebra I in 8th grade, which would mean Pre-Alg in 7th. This works for some, and is (in my opinion) a GRAVE mistake for a lot of others! According to Bob Jones, this is an 8th grade curriculum.

This class is available, as well, to High School students who require additional work on the basics!

Call me if you need to talk about any of this!

Starts right out working with equations, covering properties of addition, subtraction, multiplication and division. Will move into decimals, integers, multiples, factors, fractions, equations and inequalities, ratio, proportion, percentages, geometry and graphing. Emphasis through entire text is on equations and solving them, using all the mathematical concepts introduced. These basic skills would be prerequisite for an Algebra course. Students will learn concepts in class, then complete daily assignments at home. Daily homework to be corrected by parent and/or student. Tests will be sent home, to be administered by a parent or homeschooling teacher, and brought back to the next class session. TEACHER'S EDITION REQUIRED -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week.

THIS CLASS BEING OFFERED IN POMONA AND IN CHINO HILLS, IF DEMAND SUPPORTS.

This is a full year, high-school level course. Begins with a very extensive review of basic mathematical terms and rules, working with integers and real numbers. Moves into the vocabulary of Algebra, solving equations and inequalities, relations, functions, and graphs, systems of equations and inequalities. Then covers working with polynomials, and factoring them, dealing with radicals, quadratic equations, rational expressions and equations. Students will learn concepts in class, then complete daily assignments at home. Daily homework to be corrected by parent and/or student. Unit tests will be sent home, to be administered (per instructions) by a parent or homeschooling teacher, and brought back to the next class session. TEACHER'S EDITION REQUIRED-- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week.

This is a full year, high school level course - **STUDENT MUST HAVE COMPLETED AT LEAST ALGEBRA I PRIOR TO ENROLLMENT** - I do recommend, for most, that students take Alg 2 the year immediately following Alg 1, if they are intending to take BOTH classes - Alg 2 content relies **HEAVILY** on Alg 1 content!!.

This is a presentation of Euclidean geometry, as a model of God's creative energy - and as man's attempt to understand and explain God's creation. Covers incidence geometry, subsets of lines, planes and space, segments and measurement, angles and measurement, preparing proofs, congruence, triangles and quadrilaterals, area of two and three dimensional forms, Circles and the related geometric functions, space and how geometry applies there, volume, transformations and symmetry. Heavy emphasis on two-column proofs. Students will learn concepts in class, then complete daily assignments at home. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session. In addition, a notebook is kept and will be graded. **TEACHER'S EDITION REQUIRED** -- Parent(s) encouraged to accompany students to class, in order to support study during the week.

This is a presentation of Algebra as an exercise in stewardship of creation, developing thinking skills and Christ-likeness . . . wow! Chapter 1 dives right into factoring polynomials, binomials, and trinomials, assuming a pretty strong mastery. Text moves through linear equations and inequalities, linear relations, quadratic equations and functions, graphing, linear programming, radicals and exponential functions and equations, imaginary and other complex numbers, rational expressions and equations, trigonometry, and matrix algebra. Students will learn concepts in class, then complete daily assignments at home. Daily homework assignments will be corrected by student or parent. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session. **TEACHER'S EDITION REQUIRED** -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week. The subject matter here is complex - **TOO** complex for a once a week class. It will be **TWO (2) days per week**, though there may be a FEW Friday classes that we **DON'T** hold (due to holiday schedules, etc).

**Materials:** 3-ring binder and paper, ruler (inches and cm), protractor, compass (call before buying!), and a scientific calculator . (graphing calculator NOT necessary)

## **SAT PREP PLUS**

This one-semester class is designed to prepare students for success in taking the college entrance SAT test which includes math, critical reading, and essay writing. Career and college preparation will be studied through assessments of spiritual gifts and personality types. We will research colleges, universities, and career programs as well as exploring financial aid opportunities. Although geared toward juniors and seniors, this course is open to any student who has successfully completed geometry. Contact Amy Miller for more information: amyamykatekate@yahoo.com.

### **Public Speaking I**

In this one-semester course, we will learn to express our beliefs and ideas to a variety of audiences. Lessons will include audience analysis, peer critiques, humorous interpretations, persuasive speeches, impromptu speeches, interpretation of current events, and much more. Students will have the opportunity to share at our Friday School Chapels as a practical application of skills learned. The class will include quizzes and tests and there will be a grading rubric for presentations. I will be using the Bob Jones Materials in conjunctions with curricula from Thersa Moon. This class counts for 5 units of elective credits.

Depending on interest, a second semester, Public Speaking II will be offered, focusing on acting, storytelling, and interview skills as well as interpreting literature.
