Heart to Heart

Dear Moms,

The apostle Paul tells us in Ephesians 4:1-6
"I urge you to live a life worthy of the calling you have received; be humble and gentle; be patient, bearing with one another in love. Make every effort to keep the unity of the Spirit through the bond of peace. There is one body and one Spirit-- just as you were called to one hope when you were called-- one Lord, one faith, one baptism: one God and Father of all who is over all and through all and in all."

God has chosen us to be Christ's representatives on earth. Paul challenges us to live our lives worthy of the calling we have received. It is an awesome privilege we shouldn't take for granted. I love the part about being humble, gentle, patient and understanding. If we fall short as I know we all do, ask forgiveness ASAP. I heard about a couple who had a great marriage for 20 years. I asked them the secret of their success. They said automatic forgiveness. So they didn't even need to say I am sorry! They just forgave the offenses. Wow! I think that is an amazing representation of the gospel. Jesus forgives all our sins. He died on the cross so we could be saved!! But we are still sinners. Our kids are sinners. Have you noticed? LOL. Whenever I talk to new Moms, I remind them to read their Bibles every day. We need to put God's Word inside of us nonstop. I love the You Version Bible APP. They have amazing Bible plans on every topic you could imagine. Please download it and read. You won't be disappointed. I am currently reading "Raising sons to fight giants."

I would like to end with one of my favorite scriptures: Ephesians 4:32 5:1-2
" Be kind and compassionate to one another, forgiving each other, just as Christ forgave you. Be imitators of God, therefore, as dearly loved children and live a life of love, just as Christ loved us and gave himself up for us as a fragrant offering and sacrifice to God."

The wonderful thing about home schooling is the love you have for those precious children and the time you have to nourish them and teach them God's Word. Keep up the good job. Keep your eyes fixed on Jesus, the author and finisher of our faith!

Love you all!

Marilyn

A Word to Fathers ~

By Bill Stephens

Contentment Lesson 6

The Upside Down Life

Here is a Puritan prayer worth meditating upon:

Let me learn by paradox
That the way down is the way up,
That to be low is to be high,
That the broken heart is the healed heart,
That the contrite spirit is the rejoicing spirit,
That the repenting soul is the victorious soul,
That to have nothing is to possess all,
That to bear the cross is to wear the crown,
That to give is to receive,
That the valley is the place of vision.

Jesus is our example in all things, especially as being the head of our homes, a godly husband to our wives and a respectful father to our children. Jesus, above all, was a servant-leader. He did not lord it over his disciples, instead he washed their feet and fed them. He is our advocate and one who comes along side and lifts us up. He is the ideal pastor, who loved even when He was hated.

God's kingdom is considered the "upside down" kingdom (Upside-Down Kingdom written by Donald Kraybill). Greg Laurie wrote a book with a similar theme called the Upside Down Home. What is considered success in the world's eyes is usually not success in the Kingdom. Once we realize this and walk in it, we are contented and in that contented place God can use us.

One of my favorite passages in the Bible is Psalm 128, "Blessed is the man who fears the Lord." The rest of the psalm lists those blessings for the man that fears the Lord "and walks in all His ways." To live in the fear of the Lord we are determined to live in obedience to Him. This will cause us to live in paradox to what our culture esteems. But, the rewards in this life and the life to come are worth it. Our wives will flourish and our children will be as "olive shoots" round about our table. (Ps. 128:3)

TERRA NOVA 3 TESTING
TUESDAY, APRIL 14th – THURSDAY, APRIL 16th

ADDITIONAL INFORMATION. Moms with kids in grades K – 8th, if you have not signed-up to help with testing, please contact Denise at kd_kross@yahoo.com or at the Rancho Cucamonga Tuesday School, Park Days or Chino Hills Friday School. **Testing will take place at Western Christian High School – 100 W. 9th St., Upland.**

Pre-School for Terra Nova Volunteers: There will be Pre-School available for children ages 3 and 4 years old for Terra Nova Volunteers ONLY. This service will only be provided for Terra Nova volunteers on the day/s they are helping with testing. The Pre-School facility is located at the Western Christian High School campus in Upland, where we will be testing. **PLEASE CONTACT DENISE @ KD_KROSS@YAHOO.COM IF YOU PLAN TO HAVE YOU PRE-SCHOOLER ATTEND.**

Terra Nova Testing Fee: The testing fee is $23 per child. Please make your check payable to Western Christian Schools (separate from your tuition check and write in the memo area Terra Nova fee). You can mail your payment to Marilyn Stephens (124 N. Armel, Covina CA 91722), or turn it in at the Rancho Cucamonga Tuesday School, Park Days or Chino Hills Friday School.

K – 3rd Grade: Please have your child's name, date of birth (including year), written neatly on a piece of paper or a 3x5 card. This will be given to the teacher on the first day of testing.

4th Grade and Up: Please note that beginning in the 4th grade, the kids will be using a scantron sheet for their answers. They will not write their answers in the test booklets.

Bring A Healthy Snack: The kids will have break times – please send them with a snack (snacks will not be provided). They can bring water bottles.

Used Book Sale: Beginning on Tuesday (and continuing through Thursday), bring all curriculum and teaching materials that you want to sell to Thompson Hall. **PLEASE CAREFULLY READ THE FOLLOWING INSTRUCTIONS**: Please tape an envelope on the outside or inside of **EACH** book or item that you want to sell, and include the following information: your name, the grade level of the material, selling price and the name of the book or material – remember one envelope is needed for each item. **AFTER** the Used Book Sale is set-up on **TUESDAY**, curriculum will be available for preview for teaching and helpers ONLY, and they may begin to purchase on this day (**Please NO NOT** try to purchase anything while the book sale ladies are setting up – it gets way too confusing). The book sale will be open to everyone on Wednesday and Thursday. **BRING PLENTY OF CHANGE AND SMALL BILLS** – it is difficult for the book sale ladies to make change. Please remember to pick up your unsold curriculum on Thursday after testing, or have a friend pickup them up. There are always a lot of books that are left behind and it is not fair for the book sales ladies to have to transport the items to their homes. Anything not picked will be thrown away!

Impact

"Service, Community, and Fun."

Middle School Class for 6-8th Grade

Impact is an exciting class just for Middle School students. The goal of Impact is to give back and serve the students at Western Christian PSP. The students in Impact work to raise school spirit, community, and student involvement in service projects. In addition, we will develop deeper community by planning events for 6th-8th graders. Impact students who enroll do so because they recognize that there is more to being successful in school than simply doing homework. Having a positive atmosphere where students feel wanted and accepted is critical to their success. To that end, the members of Impact will focus on providing engaging activities that ensure a well-rounded middle school experience monthly. Impact will help to develop organizational and communication skills. We will have a strong focus on Godly character, service and community.

Being an Impact member is easy! If you will be in 6th-8th grade, all you have to do is fill out an application and get an interview. Each Spring, Impact will elect class officers to represent the group. You have the option of running for an office or just be an appointed member. Everyone has a role in Impact and you should become a part of it! Impact is composed of students that are in 6th-8th grade. Space is limited! Apply NOW for Fall!

Teachers: Thiam Cheatwood and Christina Toland
Time: Friday Morning at 8:00- 9:00 a.m.
Cost: $80.00 per semester, plus $30 enrollment fee

***2018-2019 Yearbooks** **will be available to pick up at the FIRST & SECOND Tuesday Schools, Wednesday Park Days and Friday Schools; ONLY for the first 1.5 hours at each site & date.**

Reminders regarding our yearbook:

As yearbook adviser my primary goal is to get as many students pictured as possible. However, we have special circumstances...as a homeschool I count on YOU, the teachers & parents, to help with taking pictures AND sending them in to me.

Guidelines for pictures:

1. Email your photos to **WESTERNPSPYEARBOOK@aol.com** Include names of those photographed and event name.

2. Please, do NOT send multi-event emails; keep each event in its own email. Receiving an email with pictures from various events makes it difficult to organize.

3. FIVE photos max. per family, per event (ie. field trip, chapel/school, etc.) Group photos (multi-family) are highly encouraged! This helps with maximum exposure.

4. Pictures from each event must be received within 2 weeks of the event. If submitted after this due date there is no guarantee your pictures will be used.

SPORTS, FINE ARTS, FAMILY PICTURE, FAMILY FIELD TRIPS, & FUN GATHERINGS WITH OTHER WESTERN HOMESCHOOL FAMILIES photos are accepted ongoing through the school year. If your child is in multiple sports or arts, you may send 1 from each but it will be my discretion based on number of submissions and page layout to determine how many and which are used.

I look forward to seeing your photos and corresponding with as many of our families as possible. Please, don't assume we have enough photos and decide not to send yours in; we want everyone to be included, but we need your submissions to accomplish this.

Blessings, Anique Dempsey

P.S. **Senior families,** I will be contacting you later this Fall regarding Senior Tribute Pages, so be on the look out for that email.

MISSION SAN JUAN CAPISTRANO

WEDNESDAY, March 4th. K – 8th grades. Known as the "Jewel of the Missions", Mission San Juan Capistrano was founded on All Saints' Day, November 1, 1776, by Spanish Catholics of the Franciscan Order. Named for Giovanni da Capistrano, a 15th-century theologian and "warrior priest" who resided in the Abruzzo region of Italy. San Juan Capistrano has the distinction of being the home to the oldest building in California still in use, a chapel built in 1782. There is so much to see and learn about early California history at this beautiful mission! There will be a one hour docent-guided tour, a lunch break and then a hands-on activity called Mission Matters. (Just an idea, but some families may want to ride the Metrolink train to and from San Juan Capistrano. The Metrolink Station is across the street from the Mission!).

TIME: Please arrive by 11:00 am. The tour will begin at 11:15 am and end at 2:00 pm (this will include the docent –guided tour, lunch break and the Mission Matters activity).

COST: $18.00 per child and $14.00 per adult. Please make your check payable to CCL and write in the memo area "Mission." You can mail your payment to Marilyn or turn in to Denise at one of the school sites – this is the procedure for all field trip payments.

COORDINATOR: Please RSVP to Denise Kross at kd_kross@yahoo.com, or sign-up at the Tuesday and Thursday Rancho Schools, Chino Hills Friday School, or Wednesday Park Days on or before **Tuesday, February 18th** (Please note that our field trips fill-up quickly, so don't wait until the deadline to sign-up!)

DIRECTIONS: 26801 Ortega Hwy., San Juan Capistrano 92675. (Please check the directions from another source before leaving home). Take the 57 Fwy. South to the 5 Fwy. South, to the second San Juan Capistrano exit, which is Ortega Highway, turn right (towards the little downtown of San Juan Capistrano) and the Mission is straight ahead 2 ½ blocks on the right.

HOME SCHOOL DAY AT LEGOLAND

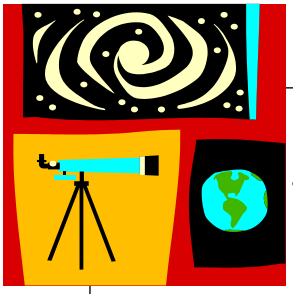
MONDAY, MARCH 16th. All ages. Legoland has designated select Mondays as Home School Days. Tickets include full day admission to Legoland. Gates open at 9:00 am and close at 6:00 pm. So this is coming out very early so you can plan to sign-up and pay near the end of January. You will pay for parking when you arrive at Legoland.

TIME: Gates open at 9:00 am.

COST: $31.00 per person (kids and adults). Kids 2 and under are free. Parking is a separate cost and you pay at the park ($15.00 per vehicle). Payment must be in by Friday, February 21st. Please make your check payable to CCL and write in the memo area "Legoland".

COORDINATOR: Please RSVP with Denise at kd_kross@yahoo.com on or before Friday, February 14th. You can also sign-up at the Rancho Tuesday and Thursday Schools, Chino Hills Friday School and Wednesday Park Days I will try and get the tickets sent to me so I can distribute them before the field trip date.

DIRECTIONS: One Legoland Dr., Carlsbad. (Please double-check the directions from another source before leaving home). Take the 5 Fwy. South to Cannon Road East exit, turn right at Legoland Drive., then follow the signs to Legoland.



MT. SAC RANDALL PLANETARIUM

THURSDAY, March 26th. Age 4 - 8th grade. The Randall Planetarium has been serving the community for over 40 years since opening its doors in 1968. It was renovated and reopened in December 2010 with a new Digistar 4 digital star projector to explore the solar system, and view brilliant nebulas as well as Zeiss SKYMASTER ZKP 4 for focused stunning star-lit skies. The show we will be seeing is **"Voyage of the Planets"**. We will also participate in an enrichment activity – **Rocket building** and the kids will launch their own rockets that they can keep. The rockets are made of lightweight paper and foam and can fly over 100 ft. high! During the rocket activity, you can expect to spend 3-40 minutes outdoors. Please come prepared with jackets, hats, water bottles, and sunscreen as needed for the weather that day. Sounds like a fun science day!!

TIME: Please park and meet at the entrance by **11:40 am** (Give yourself enough time to park and walk to the Planetarium **– Building 26C**, located on the northeast side of the campus, near the swimming pool). The tour starts promptly at 12:15 pm and no one is allowed to enter the Planetarium after the show begins. The policy is for your safety due to the dark environment of the Planetarium. The entire program (including the movie and rocket activity) will run from 12:15 pm – 2:30 pm.
COST: $5.50 per child AND per adult. Please make your check payable to CCL and write in the memo area "Randall Planetarium" and mail to Marilyn or turn in to Denise at one of the school sites.

THE SAWDUST FACTORY

WEDNESDAY, April 29th. Pre-K – 8th grade. The Sawdust Factory creates a unique, educational student experience where kids will get the opportunity to see the inner workings of a family run and operated wood shop and craft workshop. The wood shop will play host to an interactive learning experience where students get to find out about how and where renewable trees grow for lumber. The staff will discuss the processes that those trees go through to reach The Sawdust Factory. Back in the painting workshop, your kids will have fun experiencing first hand, the steps and creativity that take a project from raw wood to a completed, painted masterpiece. The helpful staff will guide students through each step of the way from choosing parts, to customizing with sponge-painting and putting it all together. Each student will take home their completed projects that same day! There will be 5 to 6 options for each child to choose from – each child will do one project. Parents are welcome to stay, but it will be standing room only. Space is limited to 60 kids.

TIME: Please arrive at 12:45 pm. We will begin at 1:00 pm and end around 2:30 – 3:00 pm.

COST: $11.00 per child. Please make your check payable to CCL and write in memo area "Sawdust Factory." You can mail your payment to Marilyn or turn it into Denise at the school sites or Wednesday Park Day.
COORDINATOR: Please RSVP to Denise Kross at kd_kross@yahoo.com. Or you can sign-up at the Tuesday or Thursday Rancho Schools, Chino Hills Friday School or the Wednesday Park Days by **Friday, April 10th**. (Please note that our field trips fill-up fast, so don't wait until the deadline to sign-up!)

DIRECTIONS: 1525 Howard Access Rd., Bldg. F, Upland 91784. Take the 210 Fwy and exit at Baseline, then head east, turn right in Benson, turn left on Howard Access Rd.

SEA WORLD HOMESCHOOL DAY 2020

MONDAY, MAY 4th. All ages. A great annual family event! (Please add an extra hour to your travel time – due to potentially heavy traffic). The Sea World Homeschool Day field trip program is a self-guided educational experience that focuses on ocean animals – their habitats, adaptations and conservation. The day will include an animal training programs first thing in the morning and then you are free to explore the park the rest of the day. You can either sign -up for the half-day program or the full-day program. You can bring your own lunches in backpacks and coolers and store in the storage area. You can eat lunch in the designated lunch area only. Also, please do not bring in glass and make sure all plastic bags, cartons, etc. are disposed of in trash cans. **PLEASE NOTE THAT THE HALF-DAY TICKETS WILL BE STRICTLY ENFORCED.**

Half-Day: This includes the animal training program presentation and exhibits – no other shows (for example, no Shamu show, Seal show, etc.). And no rides. You must leave the park at 1:30 pm.
Full-Day: Includes all shows and rides. You will receive wrist-bands, have full access to all the park exhibits and rides, and can stay until the park closes.
TIME: Please arrive, park and be at the Educational entrance gate by 9:00 am.
COST: **Half-Day program**: $7.50 per person (kids and adults). **Full-Day program:** $56.00 per person (kids and adults). Parking is FREE – each attending family will receive a parking pass. Please note, in case of rain, the park will NOT cancel the event and there are no refunds. Please make your check payable to CCL and write in memo area "Sea World."
COORDINATOR: Please RSVP to Denise Kross by Tuesday, April 21st at kd_kross@yahoo.com. There will also be sign -up sheets at the Rancho Tuesday and Thursday Schools, Chino Hills Friday School and Wednesday Park Days.

Tuesday School Course Descriptions

3rd-5th Grade Writing Class (Tuesdays 8am, Optional) Writing is a difficult skill to teach even for the most experienced teachers. Western Christian is coming alongside parents and offering a writing class to help even the most reluctant writers. We will be using a proven writing methodology and the classroom setting to help motivate your child to become a better writer. This program is designed to be completed multiple times (new stories will be provided the first day of class)
Please order the following curriculum ($19) and have it ready the first day of class. Order Level A Student Writing Intensive: Link http://iew.com/shop/products/student-writing-intensive-level-notebook-packet

6th-8th Grade Writing Class (Tuesdays 8am, Optional) If your student has completed Level A of the IEW program and they are in 5th-8th grade, they may be ready for IEW History Based Writing. Please order the following curriculum ($29) and have it ready the first day of class. Order US History Based Writing Lessons. Teachers- Rachelle Bogle earned her B. S. in Business from Cal State San Bernardino. She has been homeschooling her two children for six years. She is passionate about helping children learn how to write well.
Christina LeMaster earned her B. A. in English Literature as well as her Master's in Education from Azusa Pacific University. She has been teaching English to middle school and high school students for fifteen years. Her passion is not only teaching English, but raising young men and women to become Christian leaders.

6th Grade Class Teacher - Stephanie Carrillo
I am very excited to be teaching 6th grade this year. I have a B.S. in Speech Pathology & Audiology, M.A. in Multicultural Education, and a Multi-Subject Teaching Credential. I taught for 15 years in K-8th grade classrooms, before my husband and I were blessed with our son. For the last 7 years we have been homeschooling our son, and we are loving it! This year in 6th grade we will be studying ancient history and civilizations by weaving Biblical and world history together. Students will see that God's hand has been at work throughout history! I will be using "The World's Story Volume 1: The Ancients" as a guide for planning our study. Our study will integrate a historical fiction novel, along with a STEAM (Science, Technology, Engineering, Art, Mathematics) challenge connected to the time period. In addition to learning about ancient history, we will be using the AWANA Trek book in conjunction with the Bible to learn God's word. Students will be getting their bodies physically fit during P.E. with Ms. Sessions.
Every Student Must Have:

*pencil case or box
*highlighter (any color)
*pencils
*colored pencils
*scissors
*STEAM supplies (TBA as needed)
*glue sticks
*traditional crayons or twistable crayons
*Bible
*AWANA Trek book
*Novel (TBA)

Bible

Teacher- Jamie Grasmick earned her B. A. in English Literature as well as her Master's in Education from Azusa Pacific University. She has been teaching English to middle school and high school students for fifteen years. Her passion is not only teaching English, but raising young men and women to become Christian leaders. She is a pastor's wife and passionate Christ follower.

Students will follow the Awana Curriculum for Middle School Students. 6th-8th grade students will using the book titled Trek, His Love, which is a part of the AWANA middle school curriculum.

Speech and Debate

Teacher- Christina LeMaster. Students will study and practice various types of speeches in the classroom setting including informative and persuasive speeches as well as memorization of poetry and scripture.

Science

Teacher- Amber Collins has been married for 13 years and has four children ranging in age from 11 to 6. She has been homeschooling for six years.

She attended Concordia University in Irvine and in her second year of college, transferred to Azusa Pacific, graduating with a BA in liberal studies. She was a substitute teacher for a couple of years as she attended Chapman University's teaching credential program. She received her teaching credential in 2006. She is very involved serving in multiple capacities at her church, The Way Bible Fellowship, in Fontana.

Course Description:

This year our middle school students will be using the *Christian Kids Explore* curriculum. We will be learning about physics with the goal of developing an understanding of matter and energy and the rules they follow within the design of God's creation. Students will engage in hands on activities as we go through this Scripture based science curriculum.

Literary Circles

Teacher- Jamie Grasmick is an experienced teacher and educator. She currently teaches college level writing as well as homeschools her four children.

Students will read 1-4 novels over the course of the year and engage in literary circles to discuss the readings with their classmates. In literary circles, small groups of students gather together to discuss a piece of literature in depth. The roles of Connector, Summarizer, Discussion Director, Illustrator, Word Wizard, and Literary Luminary will be assigned weekly in preparation for the discussion.

Tuesday School Courses: Elementary (2nd- 5th Grade)

Bible

Teacher– Abbie Morris

Course Description: We are excited to launch AWANA at our Tuesday school site. We will be implementing the Awana curriculum from pre-school to 8th grade because we value every student having a deep knowledge of the Word of God. Fun incentives and celebrations will be earned throughout the year.

Science

Teacher- Stephany Maxwell is both humbled and honored to be the new Tuesday school science teacher. She attended the University of Texas at Arlington, majoring in Biology with a pre-med option. Two years ago, seeking to honor God and lead Christ centered lives, she and her husband Benjamin began the home school journey. As they study the Holy Bible it is evident it is filled with scientific facts and she is personally inspired with the truths revealed to us in the book of Job. She prays that they attain an intimate knowledge of our Glorious God as we study his creations.

Course Description: We will be studying the science surrounding the days of creation (Genesis 1:1-27). I will also be incorporating several S.T.E.A.M (science, technology, engineering, arts, and math) projects and quizzes disguised as games.

Physical Education

Teacher- Lachelle Sessions has a B.A. degree in Liberal Studies. She has been the San Dimas Park Day Coach for five years as well as the Head Track and Field Coach for a homeschool league for 6 years. Lachelle is an avid sports enthusiast and enjoys working with kids. She has a passion for sports, health and wellness. She enjoys volunteering with different organizations including the Health Scholar program at Riverside Community Hospital, kid's registration at church, and where ever else there is a need.

Course Description: This physical fitness class will introduce your child to a variety of fitness activities and sports. Activities such as plyometrics, isometrics, calisthenics, and stretching techniques will be employed for training. Sports may include basic martial arts, baseball, volleyball, obstacle courses, and fun old-fashioned games such as kickball and four square. The importance of good nutrition, healthy lifestyle habits, good sportsmanship, and a Godly attitude will be stressed.

Tuesday School 1st Grade Class:

Heather Carlson is excited to be teaching the first grade class this academic year! Heather obtained her bachelor's degree from Ball State University in 2002 and her master's degree from University of Phoenix in 2012. Heather works outside of the home as an early childhood educator for individuals with special needs. Heather also enjoys teaching Sunday school, alongside her husband, Andy. Heather has been married to Andy for sixteen years and they have three children, including Maya (10), Liam (8), and Avery (6).

Course Description:

The first grade class will be full of learning and fun this year! Mrs. Carlson will focus on Bible verse memorization, sentence structure, basic book report writing, as well as discussions on various biographical spotlights. The class will be learning about unit studies, including the four seasons, weather, bugs/insects/spiders, the solar system, plants/flowers/trees, the life cycle of the frog and butterfly, as well as animals on the land, in the sea, and in the sky. In addition, the class will enjoy arts/crafts, music, weekly show and tell, as well as participation in the end of the year classroom art/science fair showcase.

Tuesday School Kindergarten Class

Lisa and Kwesi Kissi-Ayittey are starting their seventh year of homeschooling their children, Sophia, Seth and Daniel. Lisa has a BA in Communications from Calvin College in Grand Rapids, MI and an MA in Intercultural Studies from Fuller Theological Seminary in Pasadena, CA. She worked as a Missionary Youth Minister at New City Kids Church in Jersey City, New Jersey for several years. In that role she led a Youth Acting Troupe for middle and high school students. Lisa has also been a counselor for children with behavioral challenges at a residential treatment center in California and she recently started her own business, Kid University Resources which provides in-home classes for kids from grades K-8. Lisa enjoys being organized and creative and gathering small groups together for learning, fun, food and fellowship. Lisa and Kwesi are so grateful that God led their family to homeschooling. They consider it a joy and a privilege to have such an opportunity with their children.

Class Description

Welcome to Kindergarten where learning is FUN! We believe that children can love school and look forward to learning. In the Tuesday kindergarten class this year, your child will be learning some traditional kindergarten themes such as letter sounds, numbers, seasons and holidays. We will also be learning how to play games including following rules, taking turns and having good sportsmanship when winning or losing. Arts and crafts, videos, songs, snacks and exercise will all be part of our morning together. We will learn about Jesus and the Bible and the kids will play with their friends. Miss Lisa and Miss Tasse look forward to welcoming each child and helping them grow and develop throughout the year. It's going to be a great one!

Lisa Kissi-Ayittey, teacher and Tasse Garmong, assistant teacher

Tuesday School Pre School Class

Jessica Gardner We are excited to welcome our new pre-school teacher, Jessica Gardner

Biology
$185 per semester due in September and February. Pay teacher directly.
teacherschacht@gmail.com

Textbook- Apologia: Exploring Creation with Biology

Course Description: This is a college-prep Biology course that will give students a deeper understanding of the Creator by looking at his creation. Topics of study will include: the scientific method, classification of living things, cells, genetics, biochemistry, evolution and ecosystems. This class will include weekly lecture and a lab.

Teacher: Karen Schacht earned a B.A. in Liberal Studies and a minor in Biology from Biola University. She has taught Biology at the high school level for five years and is passionate about giving students a strong foundation in science so they can intelligently join the discussion about science and faith. Though new to homeschooling her own children (ages 6, 4 and 2), Karen is no stranger to the unique type of education that homeschooling affords. As a former homeschool student herself (K-12), she is looking forward to helping students see the majesty of the Creator by looking closer at His creation.

General Science Class (7th-8th Grade)
$185 per semester due in September and February. Pay teacher directly.
Karen Schat teacherschacht@gmail.com

Textbook: Exploring Creation with General Science (Apologia)

Course Description: General Science is designed to give an overview of both physical and biological sciences. We will explore a number of topics including: the scientific method, simple machines, archaeology, geology, paleontology, biology, and human anatomy and physiology. Emphasis will be placed on helping students learn how to investigate, discover, recognize, appreciate, discuss, and understand the wonders of creation. This course is designed to get students thinking like scientists so they can be successful in future science classes.

Student softback ISBN# 978-1-62856-291-0

T.E. ISBN# 978-1-59166-547-2 - (**2 VOLUMES!!** Book 1 and Book 2 needed)

This is a full year course. Will cover skills required to proceed into High School Algebra, and students completing it will be WELL PREPARED for Algebra 1. **I get asked often, which math should my Jr Higher be doing?" If your student does a decent job (80% average) on basic mathematics, especially multiplication & division, and maybe ok on fractions, he/she should take Pre-Algebra. The current "fashionable" trend in education these days (public and private) is that students should take Algebra I in 8th grade, which would mean Pre-Algebra in 7th. This works for some, and is (in my opinion) a GRAVE mistake for a lot of others! According to Bob Jones, this is an 8th grade curriculum. This class is available, as well, to High School students who require additional work on the basics! Call me if you need to talk about any of this! Starts right out working with equations, covering properties of addition, subtraction, multiplication and division. Will move into decimals, integers, multiples, factors, fractions, equations and inequalities, ratio, proportion, percentages, geometry and graphing. Emphasis through entire text is on equations and solving them, using all the mathematical concepts introduced. These basic skills would be prerequisite for an Algebra course. Students will learn concepts in class, and then complete daily assignments at home. **TEACHER'S EDITION REQUIRED** - daily homework to be corrected by parent and/or student. Tests will be sent home, to be administered by a parent or homeschooling teacher, and brought back to the next class session.

a placement exam may be required prior to enrollment if your student has not taken a class with me in the past - call or e-mail ASAP

This is a full year, high-school level course that meet 1/wk. Begins with a very extensive review of basic mathematical terms and rules, working with integers and real numbers. Moves into the vocabulary of Algebra, solving equations and inequalities, relations, functions, and graphs, systems of equations and inequalities. Continues to cover working with polynomials and factoring them. Students will learn concepts in class, then complete daily assignments at home. Daily homework to be corrected by parent. Unit tests will be sent home, to be administered (per instructions) by a parent or homeschooling teacher and brought back to the next class session. **TEACHER'S EDITION REQUIRED**-- Parent (s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week.

ALGEBRA II - **THIS IS A TWO-DAY-PER-WEEK CLASS! 1 in class & 1 via a VIDEO LESSON SENT BY ME WEEKLY**

Text: Algebra 2 (2nd edition) BJU Press
Student softback ISBN# 1-57924-385-1
Teacher's Edition ISBN# 1-57924-386-X - (**2 VOLUMES!!** Book 1 and Book 2 needed)

a placement exam may be required prior to enrollment if your student has not taken a class with me in the past - call or e-mail ASAP

This is a full year, high school level course - **TWO (2) days per week – ONE – in class and the other via video sent by me weekly.**

STUDENT MUST HAVE COMPLETED AT LEAST ALGEBRA I PRIOR TO ENROLLMENT - I do recommend, for most, that students take Algebra 2 the year immediately following Algebra 1, if they are intending to do BOTH classes. Algebra 2 content relies HEAVILY on Algebra 1 content!! Chapter 1 dives right into factoring polynomials, binomials, and trinomials, assuming a pretty strong mastery. Text moves through linear equations and inequalities, linear relations, quadratic equations and functions, graphing, linear programming, radicals and exponential functions and equations, imaginary and other complex numbers, rational expressions and equations, trigonometry, and matrix algebra.

Students will learn concepts in class, then complete daily assignments at home. Daily homework assignments will be corrected by student or parent. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session.

TEACHER'S EDITION REQUIRED -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week. The subject matter here is complex - TOO complex for a once a week class which is why we meet in person or via video twice a week.

Materials: 3-ring binder and paper, ruler, and a scientific calculator - (graphing calculator NOT necessary)
Day: hursdays, Rancho location
Course Fee: $200 per semester, plus $30 enrollment fee

Rancho Drama (7th-12th Grade)
Teacher: Lisa Kissi -Ayittey
Cost: $80.00 per semester, plus $30 enrollment fee
Contact: Lisa Kissi -Ayittey lisaplakmeyer@yahoo.com

It's something new for Western Christian PSP! Introducing: Drama Club! If your child likes the fun of acting, singing, performing, building sets and making costumes, then sign them up for drama club! In this fun club, we will practice team building, acting exercises and presentation skills all while having a lot of laughs. We will also learn a bit about worldview and how we as Christians can see stories and media through a Christian lens. It is my desire that the kids will see themselves as story tellers who have the opportunity to create content that influences people for the good and contributes to the growth of the Kingdom. We will perform a show in the winter, before Christmas break and a show in the spring, before the end of school. Due to the nature of the class, signups must take place in week 1 or 2 of the semester and then the class will close until the next semester. A minimum of 6 students is needed for the class to run. Registration fee is $80 per semester to the instructor, Miss Lisa Kissi-Ayittey and an enrollment fee of $30 per semester to Miss Marilyn Stephens.

Rancho Impact (6th-8th Grade) *"Service, Community, and Fun."*
Teacher: Christina Toland
Time: Thursday Morning at 8:00- 8:55 a.m.
Cost: $80.00 per semester, plus $30 enrollment fee
Contact: Christina Toland at cjsbelle@aol.com

Impact Is an exciting class just for Middle School students. The goal of Impact is to give back and serve the students at Western Christian PSP. The students in Impact work to raise school spirit, community, and student involvement in service projects. In addition, we will develop deeper community by planning events for 6th-8th graders. Impact students who enroll do so because they recognize that there is more to being successful in school than simply doing homework. Having a positive atmosphere where students feel wanted and accepted is critical to their success. To that end, the members of Impact will focus on providing engaging activities that ensure a well-rounded middle school experience monthly. Thursday School Kindergarten Class

Lisa and Kwesi Kissi-Ayittey are starting their seventh year of homeschooling their children, Sophia, Seth and Daniel. Lisa has a BA in Communications from Calvin College in Grand Rapids, MI and an MA in Intercultural Studies from Fuller Theological Seminary in Pasadena, CA. She worked as a Missionary Youth Minister at New City Kids Church in Jersey City, New Jersey for several years. In that role she led a Youth Acting Troupe for middle and high school students. Lisa has also been a counselor for children with behavioral challenges at a residential treatment center in California and she recently started her own business, Kid University Resources which provides in-home classes for kids from grades K-8. Lisa enjoys being organized and creative and gathering small groups together for learning, fun, food and fellowship. Lisa and Kwesi are so grateful that God led their family to homeschooling. They consider it a joy and a privilege to have such an opportunity with their children.

Class Description

Welcome to Kindergarten where learning is FUN! We believe that children can love school and look forward to learning. In the Thursday kindergarten class this year, your child will be getting a passport to adventure! In our studies we will travel the globe learning about transportation, landforms, bodies of water and meeting the animals of the world! Arts and crafts, videos, songs, snacks and exercise will all be part of our morning together. We will learn about Jesus and the Bible and the kids will play with their friends. Miss Lisa and Miss Carrie look forward to welcoming each child and helping them grow and develop throughout the year. It's going to be a great one!
Lisa Kissi-Ayittey, teacher and Carrie Thiart, assistant teacher

Thursday School 1st Grade Class:

Rochelle Gleason- I have been blessed with a heart and love for children! I have been serving in Children's Ministry since 2007. I directed and taught Sunday school & Kids club. I am currently an AWANA leader at Water of Life. My husband and I lead home groups & fellowship gatherings out of our home once a month. We have three wonderful daughters. Mariah 19, a college student, Bailey 18, newly graduated and Makenzie 7, whom I homeschool and this will be her second year attending Western.

Course Description: I am very excited to teach your children in this upcoming year. I will be teaching Language Arts/ Phonics. We will focus on Consonants, vowels & blending sounds. My lessons will be easy to address for the needs of each individual learner. We will be doing a fun interactive page every Thursday that will give them an opportunity to write, color, cut & glue. They will definitely enjoy this time of learning! We will also be doing a weekly memory verse. I look forward to meeting your children.

Thursday School 2nd-6th Grade Classes

Art

Teacher - Traci Esser / Traci has her degree in Child Development and has 15 years of experience working as a director for school age children in both Options Surround Care and the Walnut Valley USD Enrichment Program. She was also a certified trainer for the California School Age Consortium for Behavior Management. She has been homeschooling her two children for the last 7 years. Art Thru The Ages: In this class, we will be exploring all forms of art from Creation to the present day. We will learn about different media, famous artists (including sculptors, architects, bakers, inventors, etc.) and how they helped shape our world. Since we have all been beautifully made in God's image, then we ALL have a creative side.

Science

Teacher- Stephany Maxwell is both humbled and honored to be the new Tuesday school science teacher. She attended the University of Texas at Arlington, majoring in Biology with a pre-med option. Two years ago, seeking to honor God and lead Christ centered lives, she and her husband Benjamin began the home school journey. As they study the Holy Bible it is evident it is filled with scientific facts and she is personally inspired with the truths revealed to us in the book of Job. She prays that they attain an intimate knowledge of our Glorious God as we study his creations.
Course Description: We will be studying the science surrounding the days of creation (Genesis 1:1-27). I will also be incorporating several S.T.E.A.M (science, technology, engineering, arts, and math) projects and quizzes disguised as games.

Physical Education

Teacher- Lachelle Sessions has a B.A. degree in Liberal Studies. She has been the San Dimas Park Day Coach for five years as well as the Head Track and Field Coach for a homeschool league for 6 years. Lachelle is an avid sports enthusiast and enjoys working with kids. She has a passion for sports, health and wellness. She enjoys volunteering with different organizations including the Health Scholar program at Riverside Community Hospital, kid's registration at church, and where ever else there is a need.

Course Description: This physical fitness class will introduce your child to a variety of fitness activities and sports. Activities such as plyometrics, isometrics, calisthenics, and stretching techniques will be employed for training. Sports may include basic martial arts, baseball, volleyball, obstacle courses, and fun old-fashioned games such as kickball and four square. The importance of good nutrition, healthy lifestyle habits, good sportsmanship, and a Godly attitude will be stressed.

Western Christian PSP Pre-School 3 & 4 year olds welcome!

Teacher for 3s: Valerie DeRenzis
Hello, I am Valerie DeRenzis. My husband Brian and I have been called to the ministry of homeschool for 5 years raising and teaching our three children, Ashley, Adam and Alyssa in the ways of our Lord and Savior Jesus Christ. It is a blessing to be intentional teaching His Word and daily sowing seeds of God's truth, great love and grace. I studied Accounting at University of La Verne and have been serving in ministry for several years including Children's Ministry, Women's Bible studies and Marriage Ministry at our home church Calvary Chapel Chino Hills. Looking forward to a year of nurturing a love for the Lord by learning about His Word and His creation.

Items will be needed for this class:
Kids bring backpack with: healthy snack, fat beginner pencil, glue stick, crayons, scissors, 3 ring binder (name label items please)

Friday School Class Descriptions

Kindergarten: Christine Arnold 16 weeks
This year our kinder class will be learning all about the world around them...from the seasonal changes God has made in our world, to plant and animal life and even a little bit about our solar system... this year is going to truly be out of this world! We will be learning through our daily rug time (i.e. Calendar, prayer, etc), songs, Bible, art, story time, and so much more!!! I am both blessed to have this opportunity to teach your kids and honored that you would trust me and my ability to teach them this year.
I have my B.A. in Liberal Studies and had previously worked as an ABA (Applied Behavioral Analysis) therapist for almost 3 years. I took a sabbatical from work when my husband and I started our family and I have homeschooled our 2 boys for the past 4 years. I have also been a substitute teacher at Cornerstone Christian and recently became a sub at Western Christian PSP for Tuesday and Friday schools.
I am looking forward to meeting all of your wonderful kiddos!

1st Grade: Christy Miller- 16 weeks / Credentialed Teacher
This year we will be learning about a different artist each week by reading about them and completing a project in a similar style that they would have done. (Similar to the Meet the Masters program) We will be using different methods and styles with- painting, pastels, watercolor, crayons, glue, markers and anything else fun I can find. We will also be having sharing time, PE activities and snack time on the playground. Looking forward to meeting your kids!

2nd Grade: Sheri Ryan 16 weeks
Sheri has a B.A. in Liberal Studies and a M.A. in Education from Biola University, and taught 2nd grade for 6 years, before choosing to be a stay-at-home mom. She has homeschooled her children for 7 years.
This year second graders will enjoy wild and whacky science experiments, fun art projects and lots of group activities to enhance and supplement the homeschool experience.
2nd graders will learn basic art terminology, explore color, patterns and textures through the use of various mediums. We will also be doing seasonal crafts to encourage creativity.

3rd Grade: Maureen Bosanko 16 weeks
Our class will be learning about geography and culture. As we learn we will be working on a geography lapbook that the students will bring home at the end of the year. Each week we will learn about a new country or continent. We read a literature book from the country, sample food from the country, play a game from the country and add information to the lapbook. Students will be required to bring their own supplies to class, a supply list will be given at the beginning of the year.
I have a B.A. in Bible, a teaching credential in rehabilitative services, and a B.A. & M.A. in Communicative Disorders (Speech Language Pathologist).

4th Grade Abbie Morris Teacher- Abbie Morris has been teaching for over 20 years in one form or another. Whether it is homeschooling her own two children, coaching cheerleading, teaching dance for all ages two and up, or being a High School History SDC teacher. She has had the wonderful privilege of being a part of Western Christian PSP Friday school where she currently assists in the Kindergarten and First Grade classes and is blessed to be the Christmas Chapel Coordinator.
I am so excited to be teaching fourth grade this year at our Friday School campus

Class-description will be studying early American history exploring with Christopher Columbus the finding of our New Country! Reenactment of our first thanksgiving along with the travels of Lewis & Clark and Sacajawea! For second semester we will be studying California history; our State territories, the gold rush ,and we will be building sugar cube missions. We will be using Evan Moore Curriculum including literature and biblical reference.

I will have a class supply list available -
Students supply list for first day
1. Large size pack of construction paper
2. Pencils, markers, colored ,pencils and crayons
3. Scissors, glue ,stick, Elmer's glue and tape
4. 1 three ring binder
5. 1 pack of plain card stock
6. 1 pack of lined paper

5th grade Traci Thompson Traci has been homeschooling since 2009 and has 2 recent WCSPSP graduates along with a current student who will be in 8th grade. She has a BA in Communications and an MA in Theology from Fuller Seminary.

5th grade class this year will focus on becoming more comfortable with speaking in front of people first by hearing great poems and songs and reciting them together, then for those willing to step it up, learning a piece at home to share with the class. We will add to this some great literary and biographical stories, and even have some short impromptu challenges or debates!

Science 6th to 8th grade: Charley Cheatwood Hello, my name is Charley Cheatwood and I will be teaching science this next year. I am currently the Family Pastor at Bethany Baptist Church in Montclair, Ca. My wife, Thiam, and I have been married for 16 years and we have 3 children – Gideon, Faith, and Eden – enrolled at Western Christian's PSP.
I have taught 3 rd, 4 th, and 5 th grade in the Ontario-Montclair School District and in the Victor Elementary School District and enjoy the elementary academic environment. I have always loved science and am looking forward to leading our classes into a hands-on discovery approach. I want students to come away thinking, "Wow, our God sure has made some fantastic things…"

Ancient History 6th to 8th Grade - Teacher**:** Stephanie Carrillo I have a B.S. in Speech Pathology & Audiology, a Multi-subject California Teaching Credential, and my M.A. in Multicultural Education. I taught in the "brick and mortar" school system for 15 years, before I was blessed with my son. I've been homeschooling for 7 years and loving it!

This year in middle school we will be studying ancient history and civilizations by weaving Bible history and world history together. Students will see God's hand at work throughout history! We will be using "The World's Story Volume 1: The Ancients" as a guide for our study. This study is designed to be a 3 year rotation. We will begin our journey in Genesis with Creation through ancient Egypt. The next year, our journey will pick up with ancient China through ancient Greece. The final, study will cover Alexander the Great through the Roman Empire. Each study section will include a literature book component. We will meet various biblical patriarchs, prophets, kings, historical figures, and ancient civilizations that existed during this time in world history.

Materials Required for Every Student:
*1 inch 3 ring binder with clear pocket cover
*pencils
*colored pencils
*crayons (twistables)
*scissors
*pencil case
*glue sticks
*novel (TBA)

PE 6th to 8th Grade
Head Coach: Chris Rix Chris played varsity football, baseball and basketball at Bishop AMAT high school and Santa Margarita high school. He then received a full scholarship to play quarterback at Florida State. There he became the 1st and only 4 year starter at FSU and also graduated with a degree studying communications.
Following his college career Chris went on to the **NFL** with the **San Diego Chargers.**
He is now a Pastor and serves as the director of ministry for the Fellowship of Christian athletes. He is also the founder and head coach of the Champion Training Academy here in Southern California, helping train athletes in all sports and all ages.

Cole Toland and **Gideon Cheatwood** are long time members of WCPSP and have been helping in WCPSP athletics department for many years now. As they step up to the position of Co-Leading Physical Education for Friday School, they are enthusiastic to have the opportunity to mentor your kids in reaching physical goals. They feel being physically fit will help them explore GOD's creation and enjoy life to the fullest. They will achieve this through exercise and fun physical activities.

IMPACT—"*Service, Community, and Fun."* **Middle School Class for 6-8th Grade**
Impact Is an exciting new class just for Middle School students. The goal of Impact is to give back and serve the students at Western Christian PSP. The students in Impact work to raise school spirit, community, and student involvement in service projects. In addition, we will develop deeper community by planning events for 6th-8th graders. Impact students who enroll do so because they recognize that there is more to being successful in school than simply doing homework. Having a positive atmosphere where students feel wanted and accepted is critical to their success. To that end, the members of Impact will focus on providing engaging activities that ensure a well-rounded middle school experience monthly. Impact will help to develop organizational and communication skills. We will have a strong focus on Godly character, service and community. Being an Impact member is easy! If you will be in 6th-8th grade, all you have to do is fill out an application and get an interview. Each Spring, Impact will elect class officers to represent the group. You have the option of running for an office or just be an appointed member. Everyone has a role in Impact and you should become a part of it! Impact is composed of students that are in 6th-8th grade. Space is limited! Apply NOW for Fall!

"The strength of the group is the strength of the leaders." -
Vince Lombardi

"Do not let what you cannot do interfere with what you can do." -
John Wooden

These are powerful quotes about leaders and leadership by two very successful coaches.

Describe what being a leader is in your own words.

What leader(s) do you look up to? Why?

List three positive characteristics and three weaknesses about yourself.

Why do you want to be in ASB?

What do you think you will be able to contribute to ASB?

(Continued on next page)

What ASB events have you attended in the past year?

"Do not let anyone look down on you because you are young, but set an example for the believers in speech, in conduct, in love, in faith and in purity." 1 Timothy 4:12

How do you feel this verse applies to being a member of ASB?

How do you handle conflict with others?

Describe your relationship with God.

Tips for Preparing Your Student for College

Having a high school diploma is important but it doesn't guarantee that you will be able to get into college. It can be a difficult process these days. Here are 12 tips/suggestions for students considering college entrance:

1. Plan ahead. When you know what college you want to go to, go to their website to make sure that you are taking the courses that they recommend.

2. Align your course titles with those of Western Christian so that the colleges will recognize what you have been doing.

3. Check the Western Christian website to see what courses CSU and UC want you to take.

4. Check this website for more information about how to get into college as a homeschooler: Look at www.californiacolleges.edu/#/

5. Be involved in the community so that you can talk about your experiences and the ways that you have made a difference to people. Colleges want smart and academic students, but they also want people who can change the world for the better.

6. Find out what you do well, do it, and learn how to write about it. Colleges are looking for you to explain to them why you are "head and shoulders better" than the others who are also applying to college.

7. Take the tests. Take the SAT. Take the ACT. Take the SAT II subject tests. Find objective ways to prove that you are who you say you are. Test taking is a learned skill. Practice, practice, practice.

8. Take AP courses and their corresponding tests.

9. Take some community college courses or enroll in the part-time program at Western Christian. This is another way to show that you are as good a student as your mother thinks you are.

10. Make sure that you have all the courses that Western Christian requires for a diploma.

11. Most importantly, pray for God to go before you in this whole process.

12. Remember that it is hard to get into many college programs today, so you should have several options. Don't put all your hopes and dreams into one program unless you have figured out several ways to get there.

Jr. High and High School Credit Courses
CLASS DESCRIPTIONS 2019—2020

Enrollment Fee: $30 per semester per class (payable to teacher)
THIS IS NOT INCLUDED IN TUITION FEES!

Course Fee: varies (payable to individual teacher)
How to Enroll: Please call each individual teacher. The enrollment and medical release forms are to be turned in the first day of class, and will be e-mailed to those who are preregistered for the classes.

In this beginning class we will learn how to communicate in sign as we learn vocabulary, group practice, presentations, games, and tests. We will also explore some of the culture of the deaf community. There will be a new lesson every week. The student is expected to study the lesson at home, culminating in a quiz at the beginning of each class time. We will have an exam and a class presentation at the end of each quarter to reinforce what the students have learned.

American Sign Language – ASL 2 **High School Credits: 10 credits per year**
Teacher: Kathy Bartling
Contact: 951) 809-5284 or, Email: Kateagirl4u@gmail.com
Course Fee: $155 per semester plus $30 enrollment fee
Book required: "American Sign Language – The Easy Way" by David Stewart/Barron's Educational Series, Inc. (Barnes & Noble or Amazon)
Supply fee: $5.00
Recommended: General ASL Dictionary
Resources: ASLpro.com, Lifeprint.com (ASL University)

This course is for those students who have already fulfilled one year of ASL. The class will fulfill the requirements for a 2nd year language course. It will encourage students to communicate in sign only and develop an extensive vocabulary of signs. Because this language is uniquely different from English, students will need to practice and study concepts at home to reinforce the lesson. Dialogues and other conversational techniques will be used. Testing and projects will also be assigned. This year's course will fulfill language credits for High School.

American Sign Language—ASL 3 **High School Credits: 10 credits per year**
This course is a continuation from ASL 2. Having the necessary foundations for the structure of the language in ASL 2, this course will build on those skills by practicing dialogues, structure, sentence types, Classifiers, and review of vocabulary. This class will be conversation based in order to truly excel in the language.
Course fees: $155 per semester plus $30 enrollment fee
Supply fee: $5

High School Photography - Grades 9th - 12th
This fun and creative one-year course incorporates both digital and art photography. The class is interactive, with many class sessions working together as a class to explore the techniques being taught. This is a one year course, and each class is 1 hour and 15 minutes in length.
Basic photography skills are taught through bi-weekly assignments, lectures, video and projects. Various photographic styles are explored including, Documentary, Portraiture, Commercial, Landscape and Nature. Photographically driven art pieces are also a part of the class. Students will learn the art of photo Transfers, Cyanotypes, Inkodye T-Shirt printing, photo collage, and make a photo lamp.

I have been teaching this course for over 16 years and it is always a favorite among the students, and is sure to improve their photographic skills.

Course Fee: $155.00, plus materials fee for art supplies and, $30 enrollment fee

Speech: Learning to Speak Effectively and with Confidence (high school 9-12)
SPRING SEMESTER ONLY
This course is designed to help students learn how to communicate with confidence in front of others. Skills include topic selection, research, organization, and presentation tips. We will also be discussing how important our words are as followers of Christ, and we will be taking a look at what God's Word says on this topic. Speeches will be informative, persuasive, devotional, impromptu, and more. Students will also learn how to share their testimony. This will be a safe, friendly atmosphere, which will allow students to learn and grow through a class, which is often an uncomfortable one for most. Students will be held accountable to treat each other with respect and courtesy.
CLASS SIZE MAX: 12 students
Course Fee: $155 plus $30 enrollment fee $5 Supply fee (due first week of class)
Materials: Sound Speech Student text, available from bjupresshomeschool.com or cbd, notebook with dividers
Instructor: Susie Hemsley (909)597-8767 hemsleysusan@gmail.com

US American History Grades 11-12
American History is so fascinating, and throughout this class you will develop a deeper understanding and appreciation for what makes this nation great, and what sets it apart from the rest of the world. From Native American society through modern America, students will address both the workings of God and the shortcomings of humanity in the formation and progression of America. Students will gain an appreciation of the providence of God in the development of a country based on Biblical principles and events that have shaped America's history. Students discuss geography, politics, economics, and current events to formulate reasoned Christian viewpoints on issues of contemporary society. The class will be enhanced through historically based DVD's, mini debates and speeches, dramatic reading as well as games to help you prepare for quizzes. The hope is that history will become so much more than just words in a textbook. During the class we will occasionally use art projects to enrich the study of America's past, and a few basic art mediums will be needed.

American Literature
In this course, we will study the great writers and poets (Bradstreet, Edwards, Hawthorne, Twain, Dickinson, Thoreau, et al.) from each era in American Literature (1630-1960). Students will enhance their critical thinking skills and develop their understanding of American Literature within a biblical worldview (and references to it in our society today). Our weekly class sessions will provide a time of interaction between the students and teacher where they will engage in meaningful discussions, conduct presentations, and participate in group projects and collaborative assignments. This class will include the study of poetry and short stories, novel reviews, literary devices, composition, timed writings, and thesis statements.

Bio: I earned my BA in English Education (speech communication emphasis) from CSULB and completed my MS/SS credential at APU. I have homeschooled my children from the start with my eldest graduating from WCPSP in 2018. I also conduct educational tours for all ages at Amy's Farm in Ontario.

British Literature
The study of the history, culture and major writers of each era of English Literature is the focus of this class. In this course, all readings will be considered in context of historical, cultural, and philosophical influences of the time periods studied. Students will think, speak, and write critically about what they have read and these concepts and ideas will be discussed in class within a biblical worldview. They will generate and share their own thoughts and opinions about selected literary works, their ideas and understanding of key concepts through class participation, papers, projects, and presentations. Students will be encouraged to have a cultural understanding of the use of literary devices and references as they develop a lifelong love of literature.

New Math Teacher: Ximena Williams. williamsximena@gmail.com

Mrs. Williams earned her Bachelor of Arts in Mathematics with Honors from California State University San Bernardino and completed her teaching credential program at the University of California Irvine. She holds a State of California Single Subject Teaching Credential in Mathematics. Mrs. Williams has had extensive experience as a math teacher for Murrieta Valley High School and for The Grove School in Redlands where she helped develop the mathematics program. She has also taught adults at the Fontana Unified School District as a GED instructor and at California State University Fullerton as a High School Equivalency instructor. This is her thirteenth year of lovingly homeschooling her four children, with her second child graduating from Western Christian PSP in June 2019. She is so excited to teach at WCPSP and share her love of math.

Algebra 1: Full year course. Class meets once per week on Fridays at Chino Valley Community Church in Chino Hills. This course covers the essential principles of Algebra, including topics such as graphing linear equations and inequalities, solving systems of equations, exponents, solving quadratic equations with factoring, polynomials, scientific notation, metric conversions, and conic sections. It will be up to the family to check and correct the homework, so the instructor's manual will be useful.

Materials:

1. Math U See Algebra 1 Level Up Set which includes the Instruction Manual, the Student Pack (workbook and tests), Instruction DVD's, and a 12-month access to the online Digital Pack -$94.
   Available at mathusee.com, christianbook.com, or rainbowresource.com.
   Alternatively, you may purchase the Student Pack(new) and the Instructor manual (used) separately. Please contact me if you have any questions.
2. Scientific Calculator, ruler
3. Binder to store handouts, tests, etc.

Fees: $155 course fee per semester plus $30 enrollment fee

Max class size: 15

Physical Science
This is a full year high school credit class. 8th graders can take the class for high school science credit as well. Topics covered will include: matter in its 3 states, kinetic and potential energy, foundations of chemistry, Newton's Laws of Motion, forces and simple machines, sound and light waves, magnetism, and electricity. This is a foundational science course that prepares your student for upper level science. It includes laboratory experiments that reinforce topics. We will be doing a science project and presentation in the second semester. (minimum 7 students needed)
Textbook/Materials: Science: Matter and Energy Textbook, Lab Book, and Test book from Abeka Publishers
Location: Chino Valley Community Church
Teacher: Charley Cheatwood, charley@bethanybaptistlife.org
Course Fee: $155 per semester Enrollment Fee: $30
For this class to be held there must be a minimum of seven students enrolled

High School Biology
Biology is most exciting (and most truthful) when it is taught and learned in the context of our awesome Creator. His creation certainly reflects the majesty, wisdom, and power of God. Unfortunately, secular science is often taught in such a way as to become a stumbling block to the development of our faith. Science can instead be a stepping-stone to faith – the evidence for design is everywhere, especially in Biology! This course is taught with a Creation perspective. We will use the Apologia book, "Exploring Creation with Biology". Topics include the five kingdoms of life, the chemistry of life, cell structure and function, genetics, ecology, evolution (as a theory), as well as plant, animal, and human biology. Each week we will have a one-hour lecture/discussion period (generally using PowerPoint slides), followed by a one-hour lab.
Course Fee: $300/semester, plus enrollment fee, $30
Instructor: Matthew H. Sanders, matthensan@gmail.com or (626) 244-5462
Matthew has a MS in Biology from the Institute for Creation Research. He is currently an adjunct professor at Azusa Pacific University. Matthew has taught high school chemistry and physics with the EIE home school program in Monrovia, CA. He has also taught at Christbridge Academy in Azusa, CA; AP Biology, Physics, Chemistry, Biology, US History, Government, Economics, and Personal Values/Bible classes. Matthew created and taught a science course for the Upward Bound program at Cal Poly Pomona. **see www.mattsanders.info for more information**

High School Chemistry
This course provides a rigorous foundation in chemistry in preparation for college-level chemistry. Topics covered include significant figures, units, classification, the mole concept, stoichiometry, thermochemistry, thermodynamics, kinetics, acids and bases, redox reactions, solutions, atomic structure, Lewis structures, molecular geometry, the gas laws, and equilibrium.
The lab period will alternate between Chemistry labs and a math tutoring time. Students often have difficultly understanding the math that goes with each chapter, so we will focus on that every other week. We will still do at least one lab with each chapter.
We will spend approximately two weeks on each chapter. Students will be given pages to read each day at home, and questions to answer. Short quizzes will be given for each chapter online. Mr. Sanders is always available by phone or email, and is happy to answer any questions or concerns that arise.
These are available as a set from Berean Builders Pub. for $65.

Course Fee: $300/semester (Class length may be adjusted) Enrollment Fee: $30

Spanish 1
Description: This is a 2-semester, full-year high school Spanish class, open to both **high school students and eager junior students**. Students will learn introductory Spanish pronunciation, conversation, reading, writing, and grammar. We will review through role-playing and will learn a few Spanish songs along the way. We will explore some of the history and culture of a selected number of Spanish-speaking countries. There will be weekly homework, bi-weekly quizzes, and a test every 4 weeks or so.
Textbook: BJUP Spanish 1 Student Text (2nd Edition) & binder with sheets to write notes on, index cards to make flashcards
Fee: For WCS members, the cost is $155/semester plus $30/semester enrollment fee (total: $185) for WCS members. For non-WCS members, the class fee is $155/semester plus $55/semester enrollment fee (total: $210).
Time & place: Fridays from 9:30-10:45 AM @ Chino Valley Community Church
Teacher: Silvana West (B.S. Molecular, Cell, & Developmental Biology, minor in Latin American Studies; PharmD.)
Background: I was born and raised in Argentina where I finished high school. I understand the effort and challenges that go into learning a second language as an adult. I look forward to sharing with you how to understand and master Spanish at level 1. I have experience in tutoring high school students in Spanish, simultaneous translations of sermons, and cross-cultural ministry in the U.S. and Mexico. I'm entering my sixth year of homeschooling. Please email me if you have any questions at westmrs767@gmail.com!

Spanish 2
Description: Full year-high school Spanish. This course is a continuation of Spanish 1. It is open to **high school and junior high students**. There is a greater emphasis on verb tenses in addition to reading, writing, grammar, and vocabulary. Student will continue to expand their conversational skills through listening, speaking, and role-playing. We will also learn a few Spanish songs and learn a few historical/cultural aspects of a selected number of Spanish-speaking countries. There will be homework every week, bi-weekly quizzes, and a test every 4 weeks or so.

Bible: Young Men (9-12) Not all men are called into vocational ministry, but all *are* called to be minsters. Whether in the workplace, University, home or local communities, God has commissioned all who follow him to be disciplined toward the pursuit of godliness, knowledge, labor, and a surrender to the Holy Spirit.
This course is designed to help challenge young men to this higher calling and encourage them in their next step toward living a more disciplined and powerful life as they continue their path towards adulthood.

American Government/Economics Class Description—Thursday

Instructor: Ken Greek Class time: Thursdays, 5—6:30 p.m. at Chino Valley Community Church
Tuition:

This is an upper division, year-long course. During the first semester, in American Government we will focus on the founding principles that formed America. Students will learn why The United States was created and how it stands as beacon of religious, civil, and economic freedom in the world. We will read from original source documents such as the Declaration of Independence, Federalist Papers, and the Constitution to learn how the three branches of American government were designed to control and limit power to protect freedom. These resources will supplement weekly reading from two books: Matthew Spaulding's We Still Hold These Truths, and Eric Metaxis' If You Can Keep It. Class discussion will explore how our founding principles have informed historical events and are being debated in today's political culture. Students will be challenged to use what they have learned to become active citizens in our democratic republic.

During the second semester, in Economics we will use Henry Hazlitt's book, Economics in One Lesson, as a springboard to explore the principles of micro and macroeconomics. This is a practical course that will require weekly reading of news sources for articles that illustrate each week's subject. Students will be exposed to the major economic systems, principles of supply and demand, government taxation and regulation, unions and other special interests, trade policies, minimum wage and rent control, and a variety of other current trends that are gaining interest like a universal basic income.

Please contact webksg@verizon.net or webksg@icloud.com to enroll in this class.

CLASS DESCRIPTIONS 2020-2021

PRE-ALGEBRA (Grades 7-9ish) - THIS CLASS BEING OFFERED IN **POMONA** & **RANCHO**
Text: Pre-Algebra, BJU Press, 2nd Ed. Copyright 2017
Student softback ISBN# 978-1-62856-291-0
T.E. ISBN# 978-1-59166-547-2 - (**2 VOLUMES!!** Book 1 and Book 2 needed)
This is a full year course. Will cover skills required to proceed into High School Algebra, and students completing it will be WELL PREPARED for Algebra 1. **I get asked often, which math should my Jr Higher be doing?" If your student does a decent job (80% average) on basic mathematics, especially multiplication & division, and maybe ok on fractions, he/she should take Pre-Algebra. The current "fashionable" trend in education these days (public and private) is that students should take Algebra I in 8th grade, which would mean Pre-Algebra in 7th. This works for some, and is (in my opinion) a GRAVE mistake for a lot of others! According to Bob Jones, this is an 8th grade curriculum. This class is available, as well, to High School students who require additional work on the basics! Call me if you need to talk about any of this! Starts right out working with equations, covering properties of addition, subtraction, multiplication and division. Will move into decimals, integers, multiples, factors, fractions, equations and inequalities, ratio, proportion, percentages, geometry and graphing. Emphasis through entire text is on equations and solving them, using all the mathematical concepts introduced. These basic skills would be prerequisite for an Algebra course. Students will learn concepts in class, and then complete daily assignments at home. **TEACHER'S EDITION REQUIRED** - daily homework to be corrected by parent and/or student. Tests will be sent home, to be administered by a parent or homeschooling teacher, and brought back to the next class session.

Materials: 3-ring binder and paper, ruler (inches and cm)

This is a full year, high-school level course that meet 1/wk. Begins with a very extensive review of basic mathematical terms and rules, working with integers and real numbers. Moves into the vocabulary of Algebra, solving equations and inequalities, relations, functions, and graphs, systems of equations and inequalities. Continues to cover working with polynomials and factoring them. Students will learn concepts in class, then complete daily assignments at home. Daily homework to be corrected by parent. Unit tests will be sent home, to be administered (per instructions) by a parent or homeschooling teacher and brought back to the next class session. **TEACHER'S EDITION REQUIRED**-- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week.

GEOMETRY: Full year course. Class meets **once** per week at New Life Community Church in Pomona on Tuesdays. There will be an emphasis on the vocabulary of geometry, practical applications of geometry, and traditional geometry including proofs. The course includes lines, angles, area, perimeter, volume, Pythagorean theorem, axioms and postulates, quadrilaterals, circles, triangles, congruency and similarity, conic sections, algebraic expressions containing radicals, geometric transformations within the Cartesian plane, and an introduction to trigonometric functions. It will be up to the family to check and correct the homework, so the instructor's manual will be useful.
Materials:

1. Math-U-See Geometry Universal Set which includes the Student Pack (workbook and tests), the Instruction Manual with solutions, and a 12-month access to the Digital Pack ($96). Available at mathusee.com, christianbook.com, or rainbowresource.com.

2. Protractor, compass, and straight edge.

3. Scientific calculator

4. Binder to store handouts, tests, etc.

5. Inexpensive notebook. We will be creating an interactive student notebook (ISN) to keep track of the various definitions, theorems. and postulates.

6. Glue stick, scissors

Fees: $155 course fee per semester plus $30 enrollment fee.

This is a full year, high school level course - **TWO (2) days per week – ONE – in class and the other via video sent by me weekly.**

STUDENT MUST HAVE COMPLETED AT LEAST ALGEBRA I PRIOR TO ENROLLMENT - I do recommend, for most, that students take Algebra 2 the year immediately following Algebra 1, if they are intending to do BOTH classes. Algebra 2 content relies HEAVILY on Algebra 1 content!! Chapter 1 dives right into factoring polynomials, binomials, and trinomials, assuming a pretty strong mastery. Text moves through linear equations and inequalities, linear relations, quadratic equations and functions, graphing, linear programming, radicals and exponential functions and equations, imaginary and other complex numbers, rational expressions and equations, trigonometry, and matrix algebra.

Students will learn concepts in class, then complete daily assignments at home. Daily homework assignments will be corrected by student or parent. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session.

TEACHER'S EDITION REQUIRED -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week. The subject matter here is complex - TOO complex for a once a week class which is why we meet in person or via video twice a week.

United States History
United States History is a general history course in which students will examine the people, places, events, inventions, and societal changes shaping American history from pre-Columbian era to the present day. Students will be using Exploring America from Notgrass Company. It is a full-year high school course that presents US history from a Christian perspective.

This course is comprised of two primary texts. Students will read narrative-based chapters that cover some of America's most important events, issues, and people. Review questions for each lesson, quizzes and tests will be accessed online through Google classroom. We will end each lesson in class by reading and discussing original documents as well as viewing videos summarizing our unit. Additional projects will also be assigned throughout the course.

Our text: Exploring America Part 1 and 2, Updated Edition; by Ray Notgrass; Notgrass Company; 2014; ISBN 978-1-60999-066-4

Teacher: Carolyn Henry, BS Child Development from Cal State Fullerton, classroom teacher in Christian school for eight years, homeschooling for nine years, Friday school teacher for five years.

Note: "Credit Classes" denotes for-credit, year-round classes for junior and senior high students. These classes are offered to students enrolled in the Western Christian PSP and others on a limited basis. They are offered to assist parents with instruction, assignments, and documentation so that they can demonstrate their students' completion of coursework to warrant granting credit. The parent is considered the primary instructor and is responsible to see that the work is completed and the grades are recorded properly.
